

POLICY REVISION/REVIEW

In an effort to keep its written policies up to date so that they may be used consistently as a basis for Board action and administrative decision, it shall be the policy of the Board to review its policies on a continuing basis.

The Board shall evaluate how the policies have been executed by the school staff and shall weigh the results. It shall rely on the school staff, students, and community for providing evidence of the effect of the policies which it has adopted.

The superintendent is given the continuing mission of calling the Board's attention to all policies that are out of date or for other reasons appear to need revision.

School district policies may be amended or repealed at any meeting of the board of trustees and neither the amendment nor the motion to repeal a policy shall require a second reading or meeting for the amendment or motion to repeal to pass.

Policies should reflect the adoption date and to the extent they are amended, the date of any amendment on the policy.
