

Hello! My name is Olivia Holbrook, and I am a PhD Candidate in the School Psychology Program at the University of Minnesota Twin Cities. I am conducting a research study that aims to examine how school psychologists can build competence for working with LGBTQIA+ students. If you are a licensed/certified school psychologist currently working in a k-12 school in the United States, your participation in this study is requested and greatly appreciated! Participation in this study involves filling out a survey, which will take between 10 and 20 minutes. After completing the survey, you will be given the opportunity to opt into a follow up interview, which will take between 30 and 60 minutes and will be conducted via zoom. Participants who complete both the survey and interview portions of the study will be entered into a drawing to receive one of six \$25 tango gift cards. The survey can be accessed here: https://umn.qualtrics.com/jfe/form/SV_7WzQyRtFCHhHng2
