

ENGINEERING PHYSICS

Dr. Abhay Kumar

Dr. S.V.G.V.A. PRASAD

Dr. Srinivas Kuchana

Dr. B. Vikram Babu

AUTHORS PROFILE

Dr. Abhay Kumar is working as a Research Associate in Department of Physics at P.G. Department, Science College Campus, Patna University, Patna, Bihar. He is graduated in Physics (Honours) at Science College, Patna University, Patna, Bihar. He has done Master of Physics specialized in Solid State Physics (Material Science) at Department of Physics at P.G. Department, Science College Campus, Patna University, Patna, Bihar. He secured M.Phil. in Applied Physics (Nanotechnology) at Vinayaka Mission's University, Salem, Tamilnadu. The M. Phil. dissertation title was Synthesis and Particle size analysis of Vanadium oxide nanoparticles. He secured Ph.D. in Physics at Faculty of Science, Patna University, Patna, Bihar. The Thesis Title is A study of inter-electronic repulsion parameter of free metal ion in Crystal-field environment. He has Published many research papers and also presented research papers in National and International Journals, Conference and Symposiums. His research area is Spectroscopy and Material science. He has been actively involved in guiding students for Physics Olympiads and JEE Advanced examination for more than 15 years. He is a very popular Physics teacher, famous for his unique style of exposing students to the various aspects of the subject in the simplest manner. He is an Author of Physics books of competitive books for JEE Main & Advanced as well as for NEET-UG at Pearson India Publications. He has been Awarded with Research Excellence Award 2020 by Institute Of Scholars (www.insc.in), Bangalore. Also, he has been recognized as Reviewer for International Journal of Basic and Applied Sciences, Professional Member of Institute of Education (www.ioe.in), Bangalore. He has been Awarded with Award for Contribution to Student Development by International Education Award 2021, New Delhi (www.iedawards.co). He is an active member of IAPT (Indian Association of Physics Teachers), Pune (National Association Network of India) coordinated by Padma Shri Dr H C Varma and ISCA (Indian Science Congress Association), Govt. of India.

Dr. S.V.G. V.A. Prasad working as an Professor in the Department of Physics at Pithapur Rajah's Government College(A), Kakinada, East Godavari, Andhra Pradesh. He secured Master of Science in Physics at Andhra University, Visakhapatnam, Andhra Pradesh, India. He secured M.Phil. in Physics at Acharya Nagarjuna University Guntur Andhra Pradesh India. He secured Ph.D. in Material Science at Acharya Nagarjuna University, Guntur, Andhra Pradesh, India. He is in teaching profession for more than 24 years. He has presented 50 number of papers in National and International Journals, Conference and Symposiums. His main area of interest includes Material Science and Ultrasonics.

Dr. Srinivas Kucharsa working as an Assistant Professor in the Department of Physical Sciences, Kakatiya Institute of Technology and Science, Warangal, has about 18 years of teaching and research experience. He received his B.Sc. (M.P.Co) degree from Kakatiya University, Warangal and M.Sc. degree in Physics (Specializations: Vacuum & Thin film Physics and Condensed Matter Physics) from Sri Venkateswara University, Tirupati. He received his M.Phil degree in Physics (Thin films) from VIT University, Vellore. He received Ph.D degree in Physics from Osmania University, Telangana state. He has awarded with Research Associate in 2012 from Defence Metallurgical Research Laboratory (DMRL). He has published 18 research papers in refereed international journals and 10 research papers in the proceedings of various international conferences. He has received several best paper awards for his research papers at various international conferences. His areas of research include Spintronics, Nanotechnology, Metallurgy and Materials Science, Power Electronics and Computational Physics. He is an active member of Magnetic Society of India and Optical Society of India. He handled several R&D and Consultancy projects.

Dr. B. Vikram Babu has completed his M.Sc and Ph.D in Physics from Andhra University and M.Tech in EGI with specialization in Remote Sensing and GIS from Jawaharlal Nehru Technological University Hyderabad. He has completed his Ph.D in physics from the esteemed Andhra University and has a commendable track record in teaching students at the undergraduate and post graduate levels. Currently he is working as Associate Professor of Physics and also HOD of H&S Department at KITS Engineering College, Tirupathi Village, Divili, A.P. He started his career as an Assistant Professor in Gandhi Academy of Technical Education (GATE) College and Anurag Engineering College, Kodad, Nalgonda District, Telangana State. His passion for academics and commitment to profession over the period of time stands testimonial to his holistic development. Dr. B. Vikram Babu is a hard working academician, researcher and author with 6 years of experience. He has published One Indian Patent Journal and 26 research papers in reputed International and National journals. He submitted his Ph.D thesis under the supervision of Prof. K. Samatha and Prof. V. Veeriah. He is a specialist in the area of Li-ion Battery Materials. He is actively involved in teaching various physics courses at the UG & PG level. He is a Life member (L31874) of Indian Science Congress (ISC).
