

# NEWSBANK

This database contains the full-text of over 600 American newspapers, including the *Duluth News-Tribune* from 1995 to current and the *St. Paul Pioneer Press* from 1988 to current.

## Accessing the Database

Go to the Library Homepage [css.edu/Library](http://css.edu/Library)

Select *Databases, A to Z* from the column on the left or click on the *Articles* tab at the top.

### Library of The College of St. Scholastica: Home

Welcome to the CSS Library. Please contact us if you need assistance.

The screenshot shows the CSS Library homepage. At the top, there is a navigation bar with tabs: Home, Getting Started, Encyclopedias, Books, Articles, Citation Help, Archives, and Friends. A red arrow points to the 'Articles' tab. Below the navigation bar, there is a search bar with the text 'Keyword Search SOLAR for books, articles, and more ...' and a 'Search' button. To the left of the search bar, there is a sidebar with a list of links. A red arrow points to the 'Databases, A to Z' link in this sidebar. The main content area contains a form titled 'What do you need help with?' with fields for 'Question', 'More Detail/Explanation', 'Your Info', 'Email', and 'Name'. To the right of the main content area, there is a 'Library News' section with a 'Welcome to The College of Saint Scholastica' message and a grid of book covers. Below the book covers, there is a 'Libby B Here' section with text about the Libby service.

Once on the Articles page, select the database you are interested in either by finding it in the *Best bets* tab or else by clicking on the *Databases, A to Z* link for an alphabetical listing of all the databases the Library subscribes to.

If you are on campus, you will not need a password. Look at the other tabs and boxes for more help with finding the full-text of articles, tutorials, and more.

SOLAR

SOLAR is a database of databases. It searches all our Library resources and even some we don't own. It's a little like the old "feeling lucky" button in Google. But just like Google, or any tool, there is right time to use it. And like Google, the results can be overwhelming. Sometimes using one of our focused, discipline-specific databases can make you luckier.
