Weekly News

At Delphic School Students and Staff are Safe, Respectful, and Responsible

January 24, 2025

SUPERINTENDENT/PRINCIPAL MESSAGE

Dear Parents and Families,

Ice Skating Field Trip

Our annual ice skating and Say Cheese Pizza field trip is on Wednesday, February 5. Details were sent out through the app, and a paper was sent home with students last week.

Cheer

Cheer season has started. It is available for all students at Delphic that are interested. Please direct all questions to coach Kendra Gill at kendragill@gmail.com.

SAFE Closure

There will be no SAFE on Friday, February 7th. Staff will be attending training. Please plan to pick up your children at 2 pm.

Important Reminders

*It is cold and flu season. Please take extra precautions including good hygiene, cover coughs and sneezes, stay home when sick, and clean and disinfect regularly.

*For independent study, we need as much notice beforehand as possible. The minimum notice we require matches the amount of days the student will be out. For example, if the student is out for 3 days, we will need 3 days of notice beforehand in order to allow the teacher enough time to get work together.

*Please send your child with a jacket, hat and gloves. We always go outside unless the weather is very wet so we want to make sure everyone is prepared to be warm.

*Attendance is one of the most critical features of kids' success in school. If your child has to miss school, please contact the office. Please try to schedule appointments outside of school hours to help support your child's school success.

For the kids!

Mrs. Carver

Superintendent/Principal, Email: jcarver@delphic.k12.ca.us

K-2 GRADE

- The kindergarteners are working on math word problems, reading and sentence structure. First and second graders are also working on math word problems. Second graders are also measuring in centimeters and inches. Reading and spelling continues to get harder. In the afternoons, they are learning about tornadoes and other storms which coincides with second graders reading. All students are working on their diagnostic testing in i-Ready.
cday@delphic.k12.ca.us

3-5 GRADE

- This week our class practiced and performed our plays, bringing stories to life with enthusiasm and teamwork. Fourth and fifth graders worked on fractions, ending the week with a sweet treat by following a mug cake recipe to see fractions in action. Meanwhile, third graders explored addition with regrouping using a variety of algorithms, sharpening their math skills in exciting new ways. We've also been making great progress with diagnostic testing and will wrap it up next week. Here's a riddle to end the week: *What has many keys but can't open a single lock? Have a great weekend!*
bramsden@delphic.k12.ca.us

6-8 GRADE

- This week, we finished with our compare and contrast essays about Thanksgiving and winter break. In science, we've looked at maps and read an article about similar rock patterns and fossils found on opposite sides of the earth. In social studies, we're reading about Justinian, emperor of the Byzantine empire. Though it was a short week, we've learned a lot.

SAFE Notes

(Safe Afterschool For Everyone)

Happy Friday Delphic families! We started some new clubs this week, including an improv club! We love seeing the creativity in the kids' responses to the prompts. We will be having a SAFE closure on February 7th due to staff training. Please plan to pick up your students promptly at 3, thank you!

-Kelly-

U P C O M I N G E V E N T S

- February 5: Field Trip, Whole School Ice Skating
