

## PANCAKES OR WAFFLES

For the first round, your team has to decide on whether the world is going to keep pancakes or waffles, and the other is to be obliterated from existence. Anyone can advocate for a favorite choice, and ultimately you must have a vote of majority to make the decision.

After one option is eliminated, you add a new competitor. For example, the game may become Waffles vs Pumpkins, and then Waffles vs Puppies, and then Puppies vs Kittens, and so on...

Typically the longer you play, the more intense the conversation gets and the more team members will share their values. The game mechanics are helpful for virtual team building because the initial conversation of Pancakes vs Waffles is low stakes, and it only gradually becomes more personal as you get to later stages.
