

**CANDIDATE FOR BC/YUKON REGIONAL DIRECTOR**  
Morgan Cranny, B.Sc. (Regular Member)

I am honoured to put my name forward for the position of BC/Yukon Regional Director. I have been a proud member of PIPSC since 2001 while working as a Geospatial Analyst (SP-PC) for Natural Resources Canada, Canadian Forest Service.

I believe that a strong, active union is key to protecting our hard earned rights and to improving the welfare of our members and all Canadians. My activism is rooted in a desire to help my fellow members as well as in getting people excited and involved in their union.

Every time I attend a union event I am inspired by other members who have stepped up to help others. I want to use this inspiration to further engage members and remind them that activism can be a fun and rewarding experience. I have helped plan many successful family-friendly outreach activities including movies, bowling, BBQ's, and Labour Day events for my Branch. These fun and informative sessions allow people with families to participate in their union. Also, my Sub-Group has built community by hosting lunch & learn events and other work activities as well as supporting local charities. I would like to bring this experience to the Regional and National levels.

As Regional Director I will strive to increase engagement. I will accomplish this by ensuring good communication - listening to members' needs, giving them a voice, and reporting back to them. I will also support engagement activities, promote collaboration and cooperation between Groups, Sub-Groups and Branches, and leverage the resources of the Region, Ottawa, and Better Together.

I believe it is important that our Union continues to grow and adapt, changing what doesn't work, building on those things that do, and learning from our peers.

I also believe in the power of our Union and I want to promote its value, to both its members and the general public. Together we help build healthy, inclusive, and prosperous communities.
