Collecting and Using Your Personal Data

Types of Data Collected

Personal Data

While using Our Service, We may ask You to provide Us with certain personally identifiable information that can be used to contact or identify You. Personally identifiable information may include, but is not limited to:

- Email address
- Name

Use of Your Personal Data

The Company may use Personal Data for the following purposes:

- **To provide and maintain our Service**, including to monitor the usage of our Service.
- **To contact You:** To contact You by email regarding updates or informative communications related to the functionalities, products or contracted services, including the security updates, when necessary or reasonable for their implementation.
- **To manage Your requests:** To attend and manage Your requests to Us.

Retention of Your Personal Data

The Company will retain Your Personal Data only for as long as is necessary for the purposes set out in this Privacy Policy. We will retain and use Your Personal Data to the extent necessary to comply with our legal obligations (for example, if we are required to retain your data to comply with applicable laws), resolve disputes, and enforce our legal agreements and policies.

The Company will also retain Usage Data for internal analysis purposes. Usage Data is generally retained for a shorter period of time, except when this data is used to strengthen the security or to improve the functionality of Our Service, or We are legally obligated to retain this data for longer time periods.

Delete Your Personal Data

You have the right to delete or request that We assist in deleting the Personal Data that We have collected about You.

Our Service may give You the ability to delete certain information about You from within the Service.

You may update, amend, or delete Your information at any time by signing in to Your Account, if you have one, and visiting the account settings section that allows you to manage Your personal information. You may also contact Us to request access to, correct, or delete any personal information that You have provided to Us.

Please note, however, that We may need to retain certain information when we have a legal obligation or lawful basis to do so.

Disclosure of Your Personal Data

Law enforcement

Under certain circumstances, the Company may be required to disclose Your Personal Data if required to do so by law or in response to valid requests by public authorities (e.g. a court or a government agency).

Other legal requirements

The Company may disclose Your Personal Data in the good faith belief that such action is necessary to:

- Comply with a legal obligation
- Protect and defend the rights or property of the Company
- Prevent or investigate possible wrongdoing in connection with the Service
- Protect the personal safety of Users of the Service or the public
- Protect against legal liability

Security of Your Personal Data

The security of Your Personal Data is important to Us, but remember that no method of transmission over the Internet, or method of electronic storage is 100% secure. While We strive to use commercially acceptable means to protect Your Personal Data, We cannot guarantee its absolute security.

Dependency on Non-Microsoft Drivers:

Our App relies on specific non-Microsoft drivers to enable crucial functionality related to audio, video recording, playback, and speech-to-text conversion. These drivers are essential to ensure a seamless user experience in these areas.

Driver Policy

Use of Microphone, Camera, Audio Recording, and Speech Recognition

Our app may request access to your device's microphone, camera, audio recording, and speech recognition features. We want to assure you that the sole purpose of accessing these features is to enhance your app experience and provide specific functionalities. Here's how we use these features:

- **Microphone:** We may request access to your device's microphone to enable voice calls, voice recording, or other audio-related functionalities within the app. This allows you to make audio calls to your contacts and participate in voice chats during group conversations.
- **Camera:** Access to your device's camera may be required for features such as Recording videos within the app for functionalities.
- **Audio Recording:** Our app may include audio recording features that enable you to create and save audio content for specific app features or interactions. These recordings will only be used within the app and won't be shared externally without your explicit consent.
- **Speech Recognition:** If speech recognition is utilized in the app, it is for specific voice commands or input purposes. The audio data used for speech recognition is processed locally on your device and not stored or transmitted to our servers.

Please note that we do not use any of these features to capture or access your personal conversations or multimedia content outside the scope of the app's intended functionalities.

Your privacy and data security are of utmost importance to us. We do not collect, store, or share any data obtained from the microphone, camera, audio recording, or speech recognition features with third parties without your explicit consent.

By using these features within the app, you consent to our collection and use of the data as described above. You can always revoke these permissions through your device settings if you wish to discontinue the use of these features.

For more information about our data practices, please refer to our full privacy policy.

Description of the Non-Microsoft Driver Dependency:

The App utilizes non-Microsoft drivers for audio, video, speech-to-text, camera, mouse, and keyboard functionalities. These drivers play a critical role in facilitating the following features:

1. Audio recording and playback: The non-Microsoft audio drivers enable users to record audio and play audio files within the app.
2. Video recording and playback: The non-Microsoft video drivers allow users to record videos and view video content.
3. Speech-to-text conversion: The non-Microsoft drivers for speech-to-text conversion enable the app to convert spoken language into text. This feature is particularly important for accessibility and communication purposes.

Justification for the Dependency:

1. The dependency on these non-Microsoft drivers is crucial for the App to provide core functionality and deliver an exceptional user experience. Without these drivers, the following key features would be severely impacted:
2. Users would be unable to record audio or play audio files within the app, limiting their ability to communicate and interact effectively.
3. Users would not be able to record videos or access video content, which is essential for various purposes such as capturing and sharing moments, educational content, and entertainment.
4. The speech-to-text conversion feature would be unavailable, hindering accessibility for users who rely on text-based communication or assistance.

Compliance and Security Measures:

We want to assure you that we have taken all necessary measures to ensure the compatibility, security, and stability of the non-Microsoft drivers integrated into the App. These drivers have been sourced from trusted providers and adhere to industry standards for security and performance. We have conducted thorough testing and verification processes to ensure their compatibility with our app's functionality.

By leveraging these non-Microsoft drivers, we strive to provide a reliable and user-friendly experience while maintaining the highest standards of privacy and security.

Children's Privacy

Our Service does not address anyone under the age of 13. We do not knowingly collect personally identifiable information from anyone under the age of 13. If You are a parent or guardian and You are aware that Your child has provided Us with Personal Data, please contact Us. If We become aware that We have collected Personal Data from anyone under the age of 13 without verification of parental consent, We take steps to remove that information from Our servers.

If We need to rely on consent as a legal basis for processing Your information and Your country requires consent from a parent, We may require Your parent's consent before We collect and use that information.

Changes to this Privacy Policy

We may update Our Privacy Policy from time to time. We will notify You of any changes by posting the new Privacy Policy on this page.

We will let You know via email and/or a prominent notice on Our Service, prior to the change becoming effective and update the "Last updated" date at the top of this Privacy Policy.

You are advised to review this Privacy Policy periodically for any changes. Changes to this Privacy Policy are effective when they are posted on this page.
