SMS Multi-tiered System of Support (MTSS) for Mental Health hosted by Eryn Gonzales Randles - Director of Special Services

- School-Based Mental Health Supports
  - School District and Community Partners (County Mental Health Department)
    - Tier 1
      - Universal Supports at SMS (includes Positive Behavior Referrals; community building; Wellness Room; Social-Emotional Curriculum taught in Flight Time; Student of the Month; and Bow Bucks and associated awards.)

                - Universal Supports at Community Partners includes mental health awareness
            - Tier 2
                - Selective Services at SMS (includes drop-in counseling for students and Kid Talk for staff)
                - Selective Services at Community Partners includes counseling
            - Tier 3
                - Indicated Services at SMS (includes intensive support from the Mental Health Specialist for students; and Behavior Plans.)
                - Indicated Services at Community Partners includes intensive support
                    - Mental Health Staff at County Mental Health Department
- Transformative Social Emotional Learning Framework includes Student SEL, Adult SEL, and Guiding Principles
    - Improvement Science
        - Structured way to approach continuous improvement
            - Choose areas that can be positively impacted
            - Assign small change ideas over time that will impact the entire system
            - Collecting measurable data
    - SEL Practices available at Elementary, Middle, and High School (Tiers 1,2, & 3)
        - These tiers are vertically aligned so students are familiar with these supports as they move through their K - 12 education
        - A vertically aligned example includes Green Room at Elementary level; Rest & Return Room at Middle level; and Access to school counselors at High School level
    - First steps in the Improvement Science Process include grouping ideas
        - Data-based decision making
        - Interventions & Curriculum
        - Culture & Competency
        - Roles & Systems
        - Professional Development needs
        - Capacity

- SMS Mental Health MTSS Driver Diagram
  - Aim Goal: SMS will develop clear processes, articulated systems, and foster a culture necessary to address comprehensive mental health needs in a school-appropriate manner
  - Primary Drivers: Communication; Roles & Systems; and Collaboration
  - Secondary Drivers: Information sharing structures; defining our system; and interventions
  - What information do we need to add to these drivers?
    - Timeliness of implementation of ideas

Miscellaneous: Today's meeting was adjourned at 8:49 am. Our next meeting will be held on Thursday, May 9.
