Our Iron-Clad 30-Day Guarantee

Iron-Clad Money-back Guarantee

This course is all about action.

You've got the blueprint to power up highly personalized AI cold emails, AI cold calls, AI cold SMS, and AI sales platforms + funnels that work, and you need to implement at least 1 of these systems.

That's the deal.

For 60 days straight, you're going to put at least 1 of these systems to work, consistently, without interruption, using the volume recommended in the course and in line with your skill level.

If you don't get at least one very high quality sales call within that period, then you're covered.

I want to be clear: closing a sale depends on several factors, so I can't guarantee that you will make a sale, but I can guarantee that at least one very high-quality sales appointment will be generated.

Each of the AI systems in the course sell for a bare minimum of $2500 per client/month, at the actual course price, you're looking at X5 your investment, in the first month with just a single client.

Before any refund is issued, you'll need to provide clear, verifiable evidence that you've implemented the systems and that they didn't generate at least one quality sales call.

And before I process the refund, I'll jump in to diagnose exactly why the systems didn't fire on all cylinders, so I can get you back on track, for free.

This isn't just another course, it's a promise.

Implement the strategies, and if your efforts don't produce results, I'll work with you to fix it.

And if nothing changes, you get every cent of your course fee back.

Ready to make it happen?

To your unstoppable success,

Cedric
