It is a pleasure to write a letter of recommendation for Margo Moriarty.

I was Margo Moriarty's supervisor for the Jersey City Public Schools during her time serving as our Community Liaison. During this time, we had Margo working between two schools with diverse populations of families and students. She oversaw attendance, community events, parent outreach, and supported crisis intervention. Her passion to connect with our community in both schools, as well as serving on the board of the Hudson County Alliance to End Homelessness, was admirable. Some of Margo's greatest strengths are coordinating volunteers, problem-solving, and she embodies a deep passion for providing children and family services. She was always a team player, able and willing to help with any clerical, student, and teacher support needs. This flexibility and multilevel skill set is rare to find in an employee. Margo always went above and beyond to support both schools.

Margo is one of the most remarkable people I have had the honor to know professionally. She is very disciplined and focused in her work. Aside from her dedication to her work, she is also very kind and warm to other people. Meeting with families and building connections is her greatest asset.

I strongly believe that Margo would be an invaluable addition to your community. Please feel free to reach out to set up a time to connect.

Sincerely,

John Ross, Supervisor
