What is Own The Doge ([ownthedoge.com](https://ownthedoge.com))?

**Make Doge the Mona Lisa of the Internet.**

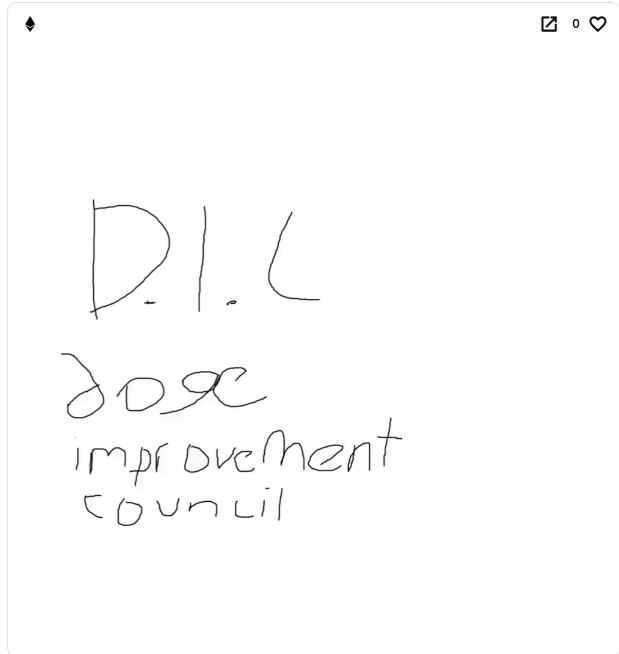

The world's most iconic meme was minted as The Doge NFT by Atsuko Sato, aka [Kabosumama](#), and can now be collectively owned and operated with DOG token.

We are Doge. We are the Doge DAO. We are the movement making Doge the most culturally significant figure of our lifetimes (and, of course, having fun and doing only good everyday).

## What is the Doge Improvement Council?

The DIC is the group that oversees the success of the Own The Doge project. This is through the proliferation of Doge and DOG token. It is a group of 7 puppers who are charged with the responsibility of overseeing the Bark Tank and daily operations of Doge's DAO.

## Memeber Jawb Description

As a DIC Memeber, your role will involve furthering the Own The Doge project, fostering active participation and collaboration among community members, and promoting the Doge DAO's values and goals.

Here are the key responsibilities for this position:

1. **Uphold Dogely Values.** First and foremost, exemplify the D.O.G.E. (Do Only Good Everyday) ethos IRL and online. Strive to treat each other like a big Doge family that trusts and supports each other. Educate and kill 'em with kindness.
2. **Do Dope DOG Shit.** Make the Doge DAO the most fun DAO in the world. Push us further to innovate, build the Doge brand, Own The Doge awareness, and break the internet. Prioritize ideas with the highest impact. Answer the questions: Is it Doge? Does it help us grow (revenue, awareness, utility)? Does it do good?
3. **Weekly Woofing:** Dedicate approximately 10 hours per week to the role. Compensation includes USD \$1,420 in DOG tokens per month for a 12-month term. Clearly state your area of expertise and how you plan to utilize the remaining hours to benefit the project.
4. **Further Bark Tank:** Encourage the next generation of innovative ideas through Bark Tank grants and proposals. Support others in submitting proposals that best support the DAO. Take the initiative to automate and streamline the proposal process when necessary.
5. **Be a Good Boi/Gurl.** Timely review all Bark Tank drafts and regularly assess Bark Tank ideas, providing constructive feedback within 5 days of posting. 1 week for review and feedback and 1 week for voting is normal. Participate in all DIC votes (<https://snapshot.org/#/dogeimprovementcouncil.eth>), DAO Snapshots (future home: [snapshot.org/#/ownthedoge.eth](https://snapshot.org/#/ownthedoge.eth)) and Discord votes to contribute to decision-making processes.
6. **Come!** Attend 2 weekly DIC meetings (10am PT Tuesday, Thursday) and actively participate in the Woof Weekly community calls on Thursdays at 11am PT. Giving feedback to live Bark Tank pitches is a great way to support. Give us a heads up if you will miss these and provide async notes so we can relay to the DAO. Either way, give weekly updates on DAO contributions and proposal updates.
7. **Be Social.** Engage regularly on various social media platforms such as Telegram, Discord, Twitter, and Spaces actively promoting the DAO's activities and educating the community about its purpose and mission.
8. **Be Secure:** Demonstrate proficiency in operational security practices to safeguard the DAO's assets and maintain confidentiality. Do quarterly OpSec reviews of yourself and the project. Call out and report scams immediately. Protect our doggos.

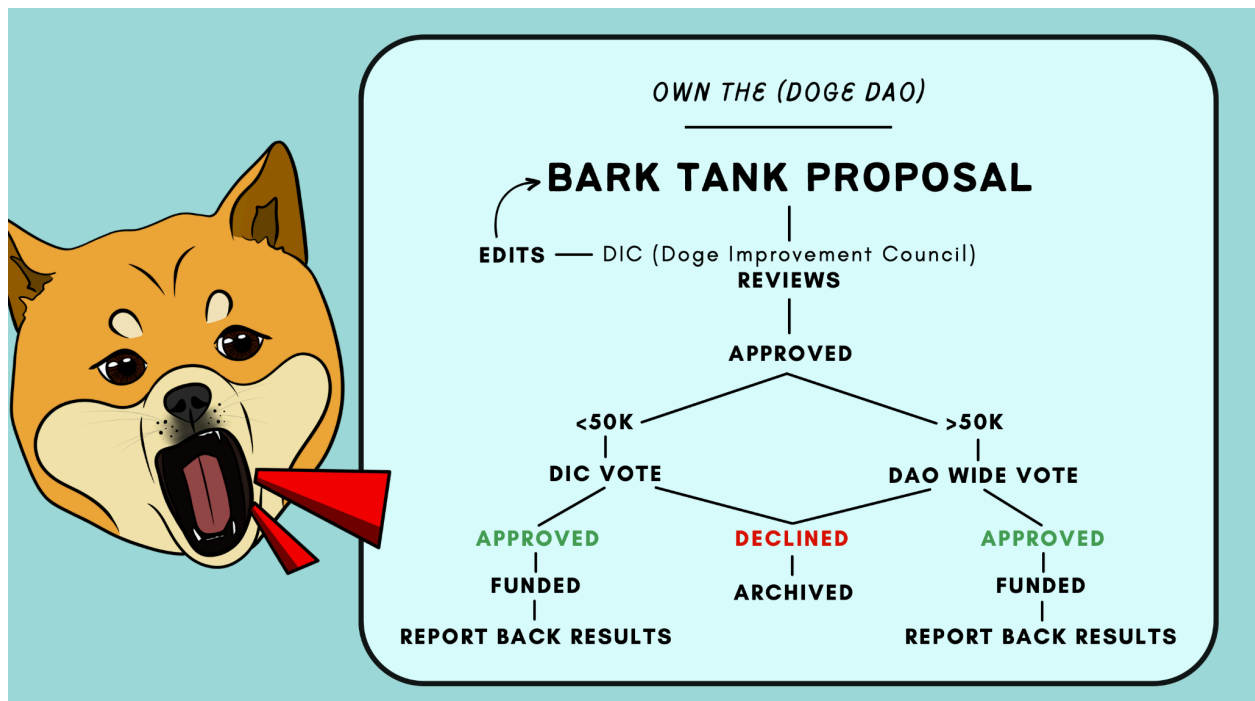

## Offboarding

If any of the above duties are not met and/or no shows or vacancies not communicated, the DIC can remove a member with 30 days notice.

## Pleasr Lead

Tridog acts as both the full time project lead and Pleasr liaison helping direct the development of Own The Doge and guide the DIC. Beyond Bark Tank, Tridog is also leading key projects like the Doge Documentary and focusing on building connections into the DAO to further our Mona Lisa mission.

## Ruff DIC Process

1. Proposer reads how to create a successful proposal:  
<https://dao.ownthedoge.com/c/proposal-template/18>
2. Doge Improvement Proposal (DIP) submitted to Bark Tank at [dao.ownthedoge.com](https://dao.ownthedoge.com)
3. The draft DIP automatically drops into our [Notion kanban](#) and is alerted in the DIC Notifications channel on Telegram
4. DIC point person assigned and checks in directly with proposer re: feedback from DIC + invites them to pitch their idea on Woof Weekly
5. The DIC reviews proposal within 5 days and leaves feedback directly in comments on Discourse ([dao.ownthedoge.com](https://dao.ownthedoge.com))

6. Point person hosts a Telegram vote by DIC - if 2+ council members approve it is ready for final DIP
7. Draft DIP then moves to final DIP and is numbered sequentially (ex: DIP-1, DIP-2) as new proposals are created
8. If DIC does not appear to be in consensus, move to quick Telegram vote in DIC chat
9. If DIP ask < \$50k – DIC votes on Snapshot
10. If DIP ask > \$50k – DAO votes on Snapshot
11. Vote open on Final DIP for 7 days or until quorum is met
12. If 4/7 vote yes, the DIP is approved
13. If not, then closed/feedback from point person
14. The point person shall communicate the outcome to the proposer
15. Tag proposal as funded or archive on dao.ownthedoge.com
16. Set expectation on timeline & results communicated as comment on the original proposal so there's a complete loop.

## To The Moon

If you are passionate about building a strong community, pushing innovation while having fun, and driving the growth of a dynamic decentralized organization, we encourage you to apply for this exciting role and be part of the Own The Doge DAO's journey to the moon.
