## Tournament Format

*Qualification/Seeding Stage:* a 16 day group race stage where 3 races scheduled races will be held on the weekend, and participants may schedule additional races during the week. Enter up to 6 races and your top 3 times will be used for seeding into a double elimination bracket. Participants who enter fewer than 3 group races will not be included in the double elimination bracket. There will be plenty of races so don't worry if you can't participate in all of them.

*Elimination stage:* The double elimination bracket will be capped at 16 participants. Each round should be completed within one week. There is no obligation to wait for a round to be finished to do the next race if possible. For seeding, if two players have the same average, a fair coin toss will be performed to break the tie. The Elimination stage will be managed on Challenge.com.

## Tournament Schedule

Group Stage begins: Friday, May 15

Bracket Stage begins: Monday, June 1

## Group Race Schedule

Each week the races will start at the same time. **The first race will be on Friday, May 15.**

- Friday: 10:00 PM EDT
- Saturday: 10:00 AM EDT
- Sunday: 3:00 PM EDT

- Palace 1 LDM Route, EnchantressOfNumbers: <https://youtu.be/Qk2vyfLITpg>

*Note: A 100% All Keys run is valid for 100% NMG. 100% NMG just allows for some potential times via Game Overs, Up+A, door fairyng, and fairy feet.*

## Rules

- *Category Rules:* Timing starts with control in North Palace. Time ends with control loss shortly after killing Dark Link (Make sure to hold right after the final hit until Link stops moving). No major glitches, such as Scroll Lock, accessing Glitch Town or HUD Fairyng are allowed. All spells, dungeon items, hammer, magic key, magic containers, heart containers, and sword techniques must be collected. All gems must be placed.
- Players are required to live stream all of their races and should have Twitch set to save recordings for tournament races in the event that frame counting is required
- All races will happen on SRL (SpeedRunsLive)
- By default, the results will be determined by Race bot
- If a result is within 3 second, players can agree to a different result by checking their respective timers
- If the players cannot agree to a result, the runs will be frame counted by the tournament organizers to determine the result

## Schedule and Restreams

The Qualification/Seeding Stage will likely not have a restream, though if someone wants to pick this up, they are more than welcome to.

Schedule for the Qualification/Seeding races can be found above

*Note: The rest of this section only applies to the Elimination stage*

After you and your opponent have agreed on a time for your race, you will have to enter it on the schedule. The result of any race not entered on the schedule will be nulled.

As we are not partnered with any dedicated restreaming channel on Twitch, restreams are personally handled by members of the community.

If you would like a specific person to restream or commentate your match, you will be able to include them when you enter the race on the schedule.

Early stages of the Bracket Round might not get restreams. Later stages are much more likely to get restreams. Please schedule your Bracket Round races as soon as you can to increase the chances of someone being able to pick up a restream. Since restreams are volunteer work based on availability, we can't guarantee that all matches will get a restream.

You are not allowed to aggressively seek a restreamer or commentators for your match by mentioning these roles repeatedly in Discord, especially at the last minute.
