

Toolbox Theory Integration Meeting 2/13/2021

- New economics systems proposed for TT
 - Reworking factories to remove state based factories
 - Foreign policy interaction rework
 - Expanding diplomatic content by reworking their overall foreign policy and interactions of the factions
 - Reworking Russian reunification
 - Unification trees suck, break constantly
 - Remove the trees and rework mechanics to allow for more balance and better enable us to do more expansion in Russia
- TT mechanics chat
 - Getting our base done before adding more mechanics
 - Market mechanics? Trading mechanics?
 - None of this matters, economics is fake
- We need to find a TT lead
- Next week of TT will be about moving into the next step of TT development
