

CCI | *SOCIAL MEDIA POSTING FORMULA / CONTENT*

Platforms: Instagram + Facebook + LinkedIn

Frequency: 3 posts per week

Target Audience:

The Engineer

Skilled, precise, and innovative.

Problem-solver and engineer-focused on sustainability.

Modern traditionalists, striving to leave a professional legacy.

The Executive

Dependable, informative, and authentic.

Exudes confidence with an understated humble side.

Conservative with an open mind to innovative improvements.

Goal:

Instagram: Create a recognizable presence through the professional photography displayed on Instagram.

Facebook: Develop strong brand awareness that provides information on CCI. Focus on the environmental difference it is making as a part of. It will be a combination of strategies.

LinkedIn: Display CCI capabilities, divisions, and the difference it is making on the environment and in the oil and gas industry through engineering and construction.

Strategy:

Instagram: Awareness of CCI's socially conscious efforts will capture the young Engineer who values a strong stance in the environment. Seeing CCI make an

impactful and professional legacy will encourage them to work with the company. This platform will show behind-the-scenes footage of CCI.

Facebook: Keep messaging easy to access and widespread with a responsive website and digital marketing for the Executive. Inclusion and representation of current clients within social media motivate potential clients to partner with CCI. Real-life testimonials will be shared strategically. This platform will show the personality of CCI.

LinkedIn: We will tap into the industry subculture to create buzz, then elevate the brand with top-notch assets including graphics, language, photography, and video. By following these guidelines, CCI will be able to reach the Engineer and Executives.

CONTENT FORMULA

Formula 1: Brand Positioning

- Share what CCI stands for, including the mission statement, focus, quality, core values, vision statement, etc. This is where CCI's history and future are shared. Trust will be developed as the target audience gets to know the company.

Formula 2: Services Offered

- Bring awareness to CCI and their expert capabilities the team offers. Focus on the environmental difference it is making and showcase the services of CCI.
- We currently offer greenfield and brownfield services for; engineering, earthwork building pads/ponds/roads, flowback, well testing, multi-well pad surface equipment installation, swd, I&E, Automation, gathering pipelines of carbon steel/HDPE/FiberSpar/Flexsteel, capital project facilities and balancing of plant, capital project pipelines up to 24" steel and 36" hdpe, insulation, scaffolding, dig and haul or treat on-site remediation, and contract staffing.
- Engineering, multi-disciplined engineering, facilities, pipeline, instrumental

& electrical, automation & measurement, flowback & well testing, insulation & scaffolding, remediation, civil earthworks, civil concrete, project management, innovative technology evaluation, and contract staffing.

Formula 3: Industries Served

- For this formula, showcase the industries served by CCI: Industrial, Commercial, Upstream, Midstream, and Downstream.

Formula 4: Project Showcase

- Promote current, recent, and past CCI projects. Share details and progression of projects visually. Create engagement by showcasing what the team is capable of.

Formula 5: Safety, Stats & Accomplishments

- For this formula, share the steps CCI takes to be socially and environmentally conscious. Showcase statistics of safety compliance and company accomplishments. Provide examples of successful projects that promote the dedication to safety.

Formula 6: Industry Updates

- Position CCI as an expert in the field through sharing current industry news and research. Provide relevant information that the target audience can use and learn from.

Formula 7: Behind the Scenes

- Communicate company updates through graphics that grab attention. Share wins, changes and new projects to create a connection that is approachable as it is admirable.

Formula 8: Community

- We work locally, provide locally, and support locally. We focus on the regions

we work in to support local efforts. Here we will post golf tournaments, skeet shoots, charity events, local stock show purchases, school sponsorships, etc.....

Formula 9: Job Openings

- Utilize LinkedIn's job search engine to hire some of the most qualified dedicated individuals in the industry. This will allow the company to recruit safety-conscious, focused crews that work diligently to deliver a quality product on time.

Formula 10: Video (Filler)

- Post any videos taken at events, on the work field, etc.

Formula 11: Engineering

- Post any videos taken at events, on the work field, etc.
- https://docs.google.com/document/d/1cfkbUiiMIHvKlExhX6_-xhx7lSkA5kLUMxF_LWp6-rc/edit?usp=sharing

JANUARY 2022

1/14	<i>Brand Positioning (Core Value)</i> Our core value is safety! Through the good and bad, we continue to stay focused. #cci #constructionservices #electricalservices #oilandgas #turnkeysolutions #engineering
1/17	<i>Project Showcase</i> CCI strives to push the status quo. We recently completed a 30-inch pipeline that ranged for 15 miles in West Texas. Let us change what a solution means to your business and project. https://ccincservices.com/ #cci #constructionservices #electricalservices #oilandgas #projects #pioneeringsolutions #engineering
1/19	<i>Brand Positioning</i> We are committed to delivering quality engineering and construction solutions safely, on schedule, and within budget. https://ccincservices.com/ #cci #corevalue #committed #constructionservices #electricalservices #oilandgas #engineering
1/21	<i>Engineering</i> We can provide multi-faceted engineering services for all your facility upgrades or greenfield project needs. The cost of engineering services will ultimately save time and money and ensure the safe, reliable and efficient operation of your facility. #cci #pipeline #facilities #roustabout #electricalengineering #automationengineering #contractstaffing #welltesting #remediation #insulation #scaffolding #earthworks #concrete #engineering
1/24	<i>Brand Positioning</i> We are private equity-backed and financially healthy. We are targeting a sustainable energy future. #cci #constructionservices #electricalservices #oilandgas #turnkeysolutions #engineering
1/26	<i>Engineering (Formula 11)</i>

	CCI utilizes 3D-CAD programs to ensure fit, form and function of our facility projects before construction even begins. This allows us to give our clients a virtual walkthrough of the facility, helping to foresee any issues and cutting down on construction times as well as eliminating rework. #oilandgas #industrialengineering #oilfield #energyindustry #conservation #earthmoving #construction #texas #concrete #cad #cci #oilandgaslife #pipelinelife #constructionmanagement #energyservices #shale #natgas #naturalgas #midstream #upstream #drillingrig #machinery #insulation #instrumentationengineering #electricalengineering #oilfield #greenfield #brownfield #excavator #excavation
1/28	<i>Services Offered</i> We are a solution for all of your earth-moving needs. Our earth-moving fleet allows us to use the right equipment for the right job! #earthmoving #earthwork #excavation #excavator #treeclearing #demolition #erosioncontrol #moistureconditioning #sitegrading #greenfieldsite #electricalengineering #engineering #greenfield #heattrace #industrialpads #pipelineinsulation #pipelineinsulator #calibration #welltesting #cci #crudeoil #oilfieldphotography #shlumberger #petroleumengineering #cleanpigs #pipelineintegrity #pipelinepigging #petroleumindustry #massexcavation #oilfieldlife
1/31	<i>Engineering</i> Our full service design and drafting team is a balanced mix of experience who work cohesively for efficient execution of our 3D modeled designs. This is part of our in-house engineering division that can ensure successful engineering design of energy projects! #cci #oilandgas #oilfield #oilfieldlife #petroleum #petroleumindustry #petroleumgas #natgas #naturalgas #pipeline #pipeliner #pipelining #engineering #electricalengineer #industrialengineering #industrialengineer #electricalengineering #heavymachinery

	#construction #drilling #oilcountrymedia #drillersclub #oilfieldfamily #oilfieldstrong #environmentalremediation #emergencyresponse #remediation #soilsampling #environmentalservices #constructionsafety
	<i>Engineering</i> CCI's multi-disciplined engineering division is capable of designing and drafting customized buildings and sites that are fit for a wide range of applications. #oilandgas #industrialengineering #oilfield #energyindustry #conservation #earthmoving #construction #texas #concrete #cad #cci #oilandgaslife #pipelinelife #constructionmanagement #energyservices #shale #natgas #naturalgas #midstream #upstream #drillingrig #machinery #insulation #instrumentationengineering #electricalengineering #oilfield #greenfield #brownfield #excavator #excavation
	<i>Engineering</i> We understand the importance of having a commercial project that is fully tailored for our partners. From concept through construction, CCI is here to ensure efficient and cost-effective designs that make for a solid execution. #telecommunications #fiberoptic #fiberoptics #communicationsystems #substations #instrumentation #switchyards #electricallighting #commerciallighting #electricalengineers #electricalengineering #engineering #troubleshooting #heattrace #industrialpads #pipelineinsulation #pipelineinsulator #calibration #welltesting #cci #crudeoil #oilfieldphotography #shlumberger #petroleumengineering #cleanpigs #pipelineintegrity #pipelinepigging #petroleumindustry #flowback #oilfieldlife
	<i>Engineering</i> With over 100 years of experience, CCI's project management division is equipped to plan, lead, and direct projects effectively and efficiently. We manage all project documents, ensuring to exceed expectations while providing traceability and a high level of security. #cci #oilandgas #oilfield #oilfieldlife #petroleum #petroleumindustry #petroleumgas #natgas #naturalgas #pipeline #pipeliner #pipelining

	#engineering #electricalengineer #industrialengineering #industrialengineer #electricalengineering #heavymachinery #construction #drilling #oilcountrymedia #drillersclub #oilfieldfamily #oilfieldstrong #environmentalremediation #emergencyresponse #remediation #soilsampling #environmentalservices #constructionsafety
	<i>Engineering</i> CCI strives to meet our client's specific needs from project initiation, planning, execution and close-out. We continually track budgets and schedules to ensure the outcome is a success. #oilandgas #industrialengineering #oilfield #energyindustry #conservation #earthmoving #construction #texas #concrete #cad #cci #oilandgaslife #pipelinelife #constructionmanagement #energyservices #shale #natgas #naturalgas #midstream #upstream #drillingrig #machinery #insulation #instrumentationengineering #electricalengineering #oilfield #greenfield #brownfield #excavator #excavation
	<i>Engineering</i> CCI specifies and sources critical path components from companies like Slater Controls. Their large inventory decreases lead times and tightens schedules, which gets our clients up and running faster. #telecommunications #fiberoptic #fiberoptics #communicationsystems #substations #instrumentation #switchyards #electricallighting #commerciallighting #electricalengineers #electricalengineering #engineering #troubleshooting #heattrace #industrialpads #pipelineinsulation #pipelineinsulator #calibration #welltesting #cci #crudeoil #oilfieldphotography #shlumberger #petroleumengineering #cleanpigs #pipelineintegrity #pipelinepigging #petroleumindustry #flowback #oilfieldlife
	<i>Engineering</i> CCI is proud to be a part of an industry that's so focused on environmental progress. As we begin the economic recovery process, it's more important than ever that we consider environmental safety a top priority. We can help with anything from minor modifications to entire facility upgrades and greenfield projects.

7-30	<i>Ramirez Sanchez</i> <i>Hermenejildo Tobias</i> <i>Tomas Puentes</i> <i>Happy Workaversary from CCI! Thank you for 3 years of great work.</i>

AUGUST 2022

8-2	<i>Brand Positioning</i> CCI Culberson Engineering & Construction has spent the last two decades helping facilities work their best from the ground up. Our diverse & top-tier service allows us to provide trustworthy assessments of your facility's efficiency, as well as provide options for how best to address your concerns in the present & the future. Connect with our team today. #cci #constructionservices #electricalservices #oilandgas #engineering
8-5	<i>Services Offered: Civil Construction</i> Civil construction incorporates the best minds AND the latest technology. Technological advances in surveying methods & tools, more efficient and

	precise earthworks machinery, and mobile communication tools prove to be just a few of the key elements of any successful project. At its core, civil construction is work that makes daily life possible. Everything from roadwork to other large-scale projects are at its heart. But scale is a relative term as civil construction work can range in scope depending on the project. When it comes to the moving, and redistribution, of large amounts of dirt, civil construction practices are in place. Projects can range quite a bit in terms of their complexity and size. Petrochemical construction, site preparation, drainage construction, and concrete foundation work are all under the fairly wide scope of the field. Environmental projects are also handled by civil construction firms. These can include riverbank sediment removal & evaporation pond closures. Civil construction is just one of things that CCI Culberson Engineering & Construction brings to the table. #cci #pipeline #facilities #roustabout #electricalengineering #automationengineering #contractstaffing #welltesting #remediation #insulation #scaffolding #earthworks #concrete #engineering
8-8	<i>Brand Positioning</i> CCI. Making construction happen. Click here to learn more about who we are, what we do, and how we can help you. -> https://cciepc.com/our-company/ #cci #constructionservices #electricalservices #oilandgas #engineering
8-10	<i>Safety, Stats & Accomplishments</i> We have woven our commitment to sustainability into our foundational values and made driving ESG progress a key pillar in our business strategy while conducting our business with the highest ethical standards. At CCI we have a responsibility to reduce our footprint and serve as a powerful example within our engineering and construction industry, and we will continue to do so.
8-12	<i>Project Showcase</i> Mechanical Work

	Our team can do it all! In Cooper, Texas our team worked on a high-security fence install while we had other team members in Malagra, New Mexico working on a central gathering facility. #cci #constructionservices #electricalservices #oilandgas #engineering
8-15	<i>Brand Positioning</i> Companies such as CCI Culberson Engineering & Construction have made a name for themselves by taking the distributed control system to newer & more exciting levels. We take pride in understanding our client's needs & goals for the present and future so that we can design, produce, install, and manage a DCS that is the right fit. Contact us today. #cci #constructionservices #electricalservices #oilandgas #engineering
8-16	<i>Community</i> It is National Tell a Joke Day! Do you have a favorite joke? Here is a joke for you! Q: What is the tallest possible kind of building that man can build? A: A library, because it easily has the most stories. #cci #constructionservices #electricalservices #oilandgas #engineering #nationaltellajokeday #jokeday
8-19	<i>Services Offered</i> The earthwork process is never actually over until the project is over. Earthwork firms are constantly evaluating any, and all, environmental considerations for every step of the work done. Environmental remediation personnel are a constant presence throughout the life of the project. They are actively involved in making sure that everything abides by local, state,

	and federal guidelines. Every project provides its own set of unique circumstances. There is no 'one size fits all' approach. Click here (https://cciepc.com/our-services/) to learn more about the positive impact of an experienced earthwork firm like CCI Culberson Engineering & Construction can have on your next project. #cci #pipeline #facilities #roustabout #electricalengineering #automationengineering #contractstaffing #welltesting #remediation #insulation #scaffolding #earthworks #concrete #engineering
8-22	<i>Safety, Stats & Accomplishments</i> CCI is committed to actively promoting and encouraging excellence in our safety programs. We commit both financial resources and dedicated personnel to ensure safety standards are kept. Our environmental, health and safety performance is rigorously monitored and reported to our leadership and applicable agencies. #cci #safety #sociallyconscious #enviromentallyfriendly #proficiency #committed #engineering
8-24	<i>Services Offered</i> Adjusting to meet an evolving market, Culberson Construction has retooled its approach. Emphasizing midstream-focused services over the last five years, CCI has become heavily invested in the pursuit of pipeline and facility construction. #cci #pipeline #facilities #roustabout #electricalengineering #automationengineering #contractstaffing #welltesting #remediation #insulation #scaffolding #earthworks #concrete #engineering
8-26	<i>Brand Positioning</i> Fun Fact Friday! Our story started back in the year 2000, when brothers Justin and Brad Culberson started a telecommunications construction company before transitioning into oil & gas construction in 2005. #cci #constructionservices #electricalservices #oilandgas #engineering
8-29	<i>Services Offered</i>

	Concrete foundations have astounding design & engineering that goes into them. Commercial & industrial construction experts look at concrete as a living thing. It grows stronger over time & when properly mixed & poured, provides lifetimes of service. Given the multifaceted prowess of concrete, it's easy to see why it maintains a substantial presence in modern construction. CCI Culberson Engineering & Construction has been at the forefront of engineering, construction, and maintenance across a variety of services including civil concrete & concrete foundations. Talk to one of our team members today. #cci #pipeline #facilities #roustabout #electricalengineering #automationengineering #contractstaffing #welltesting #remediation #insulation #scaffolding #earthworks #concrete #engineering
8-31	<i>Safety, Stats & Accomplishments</i> What do current employees have to say about CCI? "Great work environment and willingness to lend a helping hand. Great family owned company. Good working environment and employees. Always room to move up in position and pay with noticeable hard work and effort. Understanding and helpful management team." Procurement Manager - Midland, TX #cci #safety #sociallyconscious #enviromentallyfriendly #proficiency #committed #engineering
