

Manor Park Primary Performance Data for 2024 KS2 SATS Results

The 2024 Year 6 SATs results for this year for attainment are extremely pleasing with a significantly higher percentage than National Average of children attaining the expected and higher standard for Year 6. The percentage of children achieving the higher standard has been exceptional this year. Once again this means the vast majority of children are extremely well prepared for secondary school at the end of Year 6.

Please note, there are no progress measures this year, as this cohort did not take KS1 SATS, due to COVID-19.

Well done to all the children who have worked very hard throughout the year to achieve these results.
