

Authors: Jim Jacobson, Ryan Vigen, & Jerry Bellefeuille

ELO #0: The student will review various concepts covered in Intermediate Algebra.

Standard(s) ELO is based upon: 9.2.1.3, 9.2.3.3, 9.4.3.1, & 9.4.3.6

Learning Targets

1. I can identify the domain and range of a relation.

2. I can multiply two binomials together.

3. I can factor binomials by factoring out the greatest common factor and factor the trinomial.

4. I can calculate the number of possible outcomes using permutations and combinations.

5. I can use the fundamental counting principle to find the number of possible ways two or more events can happen.
--

6. I can distinguish whether order is important or not in a counting problem.
