

GUIDE ROBIN BASIC

CHECKLIST CRONOLÓGICA BATFAMILY– PERSONAL

DC at this point stands for Disregard Canon. Reading comics can be overwhelming at first, and it's hard to keep track of what is canon and what it isn't. I just assume the things I like are canon and the things I don't like aren't; unless they are mentioned on whatever run I'm reading. This system is not ideal but hey, it works.

Now, this list does mix a bit of New 52, Post Crisis and Rebirth. I mentioned before that it's hard to keep track of what remains canon and to just take whatever you want as canon, buuuut, if you want to have a clearer idea and to know what to expect from each issue here (Since the tone and pacing, relationships, etc does change) then you can use this oversimplified guide

— POST-CRISIS (1986–2011) — — NEW 52 (2011–2016) — — REBIRTH / INFINITE FRONTIER (2016–)

This list is being constantly updated, and I know it's still far from perfect, but I remember being completely lost when I first started. I made this list for me alone, and dedicated several hours investigating and reorganizing it for it to make sense. After all that, I figured I might as well share it.

Making your own list helps you pick what you want to read and which character would you like to read the most (Yeah, Dick is favored in this list, a bit) Feel free to use this list as a base to your own.

There are over 1200 issues here and I haven't read all of them yet, hence I might take some away if after reading them turns out they don't necessary belong here or their content is redundant (Detective Comics #38 was part of the list when I first started lol) This list is curated and selected from a myriad of other lists I could find on the internet so there's also a chance you find some issues duplicated since in some websites they named them by the arch/event and in others they named them just by the issues and volume. Plus, I edited and created this list irregularly over months, so it was easy to forget what I've already added. Please, do let me know if you find something like this so I can erase the duplicates.

Expect Updates especially regarding Batgirls, I'm still sorting out that. And also from the Bruce Wayne section, I didn't even plan on reading him without a Robin, but I grew fond of him, so now there he is!

There are some notes in Spanish here and there, sorry about that.

So, enjoy your reading.

Very Important: Comics most of the time tell you which comic to leap if an arc/event is split into different series. When that happens do that and don't mind the list.
