

Find an NYU Langone Provider

For providers other than Behavioral Health, there are several ways to search for a participating NYU Langone FGP provider participating in this program:

- NYU Concierge Team
- UnitedHealthcare Provider Search Instructions
- NYU Langone Health Provider Search Instructions

NYU Langone's Concierge Team

Mon - Fri, 9 am - 5 pm
866-983-6279

NYU Langone's dedicated **Concierge Team** will answer your questions, help you find the NYU Langone provider you need, and schedule your appointment, including expedited appointments, if medically necessary.

UnitedHealthcare Provider Search

How to search the UnitedHealthcare Provider website or mobile app
Go to UnitedHealthcare's website, myuhc.com, or mobile app (for [Android](#) and [Apple](#) devices). First time users on myuhc.com will need the member ID number from their UHC ID card to register for access.

Participating NYU Langone physicians will be designated as a "Tier 1 Provider". NYU Langone FGP providers will display first in a physician search.

YOUR PRIMARY CARE PHYSICIAN (PCP)

Smith, John, MD

NYU Langone Health Provider Search

How to search the NYU Langone Health Provider website or mobile app

Go to "Find a Doctor" on NYU Langone Health's [website](#) or "Find a Doctor & Schedule" on the [mobile app](#).

To schedule an appointment:

1. Search for "primary care," "obstetrics," "gynecology", etc.
2. Select your insurance carrier: United Healthcare (UHC)
3. Select your medical plan: United Healthcare (NY University Care Plan). Filter your search by Zip Code, if applicable
4. Providers with a **purple check mark symbol** next to their photo in the search results indicates you have selected an NYU Langone Health FGP provider
5. To schedule an appointment with a provider, select the desired date and time or click on their profile for additional options. You can also select "Request an Appointment," indicate your desired dates and times, and the practice will reach out to confirm your appointment.
6. Once your appointment is scheduled, you will see a confirmation screen and receive an email confirmation with appointment details.

To find participating Behavioral Health providers, you must use the [NYU Langone Health website](#), mobile app, or concierge line. (Participating Behavioral Health providers will not show up on UHC's website or mobile app as "Tier 1" providers.)
