

Graduate Affairs Council

The Graduate Affairs Council met on February 12, 2025. The Graduate Programs Office reported that a new AP/Risepoint contract had been signed. This new contract includes a higher percentage of revenue sharing for EWU. The GAC CPAC committees are busy working through the queue of course/program changes, and we discussed our progress, concerns, and questions during the meeting. GAC finalized policy revisions to Dual Master's Degrees (303-22, Section 3-6), and we voted to move the revised policy to Rules.
