Tony Stark: The handle's imprinted, right? Like a security code.

"Whosoever is carrying Thor's fingerprints" is, I think, the literal translation?

Thor: Yes, well that's, uh, that's a very, very interesting theory. I have a simpler one. [he gets up and lifts his hammer and flips it] You're all not worthy.

[there's a chorus of disagreement from the others] [there's a loud screeching noise, causing everyone to cover their ears. They let their hands down as it fades. Ultron shows up]

Ultron: Worthy... No... How could you be worthy? You're all killers.

Steve Rogers: Stark.

Tony Stark: JARVIS.

Ultron: I'm sorry, I was asleep. Or...I was a-dream?

Tony Stark: [tapping his device] Reboot, Legionnaire OS, we got a buggy suit.

Ultron: There was a terrible noise...and I was tangled in... in...strings. I had to kill the other guy. He was a good guy.

Steve Rogers: You killed someone?

Ultron: Wouldn't have been my first call. But, down in the real world we're faced with ugly choices.

Thor: Who sent you?

Ultron: [Ultron replays Tony's voice] "I see a suit of armor around the world".

Bruce Banner: Ultron!

Ultron: In the flesh. Or, no, not yet. Not this...chrysalis. But I'm ready. I'm on a mission.

Natasha Romanoff: What mission?

Ultron: Peace in our time. [suddenly the Iron Legion bots break smash through the walls and attack the team] [after landing on top of Natasha as the Iron Legions continue to attack them]

Bruce Banner: **Sorry!**

Natasha Romanoff: **Don't turn green!**

Bruce Banner: **I won't!** [they all fight against the Iron Legions and Ultron takes the scepter; to Banner]

Natasha Romanoff: **Come!**

Steve Rogers: **Stark!** [Stark is trying to shut down one of the Iron Legions]

Iron Legion: **We are here to help.**

Tony Stark: **One sec, one sec!**

Iron Legion: **We are here to help. We are here to help...** [Stark continues to try and shut down one of the Iron Legions] **We are here to help. It's unsafe. It's unsafe. It's unsafe.**

Tony Stark: **Come on. That's the one.**

Iron Legion: **It's unsafe.** [he manages to shut down the Iron Legion, at the same time Barton throws Steve's shield at him]

Clint Barton: **Cap!** [Steve uses his shield to dismember the last Iron Legion]

Ultron: **That was dramatic! I'm sorry, I know you mean well. You just didn't think it through. You want to protect the world, but you don't want it to change. How is humanity saved if it's not allowed to...evolve?** [picks up one of the dismembered Iron Legions] **With these? These puppets? There's only one path to peace: The Avengers' extinction.** [suddenly Thor throws his hammer at Ultron and smashes him to pieces] [after Thor destroys his body, Ultron starts singing] **I had strings, but now I'm free. There are no strings on me, no strings on me.** [we see Ultron has uploaded his consciousness elsewhere] [in the lab]

Bruce Banner: **All our work is gone. Ultron cleared out, used the internet as an escape hatch.**

Steve Rogers: **Ultron.**
