Summer Reading or Activity 3.1.1

Reflections and guided reading questions for <u>"Blown to Bits: Your Life, Liberty, and Happiness After the Digital Explosion."</u> First Edition Chapter 1.

Before you start this assignment, please read the <u>description of high-quality written responses</u> which includes expectations and samples.

- 1. What is the digital explosion and how has it changed things for us?
- 2. What assumptions do we have about privacy, identity, and who controls our lives?
- 3. Technology creates surprises and things don't often work as we expect them to. Give two examples.
- 4. What happened to Tanya Rider?
- 5. How can cell phones be used to track your location?
- 6. What conflicting factors delayed Tanya's rescue?

The authors introduce 7 separate **Koans** – truths- about digital information technology. Describe what each Koan means AND give a specific example of how each concept relates to you personally.

- 7. Koan #1: "It's All Just Bits."
- 8. Koan #2: Perfection is Normal
- 9. Koan #3: There is Want in the Midst of Plenty
- 10. Koan #4: Processing is Power
- 11. Koan #5: More of the Same can be a Whole New Thing
- 12. Koan #6: Nothing Goes Away
- 13. Koan #7: Bits Move Faster than Thought
- 14. Explain Moore's Law in your own words. Is it still relevant?

- 15. The authors conclude the chapter with the argument that...
 - Technology per se is neither good nor bad, and
 - New technologies usually mean new opportunities and new challenges.

To illustrate these concepts, research and answer these questions...

- a. What was the Arab Spring?
- b. Who is Megan Meier?
- c. Using the concepts from 15a & 15b above, describe the role that social media played in both the Arab Spring and with Megan Meier.
- 16. Computing innovations can raise legal and ethical concerns. Give a few examples from the book.
