

CITES Community of Practice 2026–27

Use and share the bit.ly/JoinCITES to sign up for all of the convenings for the 2026–2027 school year.

Community Vision: Our community identifies common areas of focus, aligned to the CITES framework, that support the implementation of inclusive technology, particularly assistive technologies in K-12 settings.

Community Goal: Each session and between sessions, we share and build resources and strategies that support the implementation of inclusive technology practices on our Mighty Networks channel.

Community Member Pledge: We will commit to a shared understanding of the [CITES Framework](#) as a foundation to discussions in this community.
