Matt Suits - Judge of Elections

Greetings! This year I have chosen to increase my service to the community of Chalfont Borough by running for Judge of Elections. The election process is critical to our democracy, and running a well-organized polling site is essential to maintaining the trust in the election results. In 2020, when the pandemic kept volunteers away from polling sites, I volunteered to fill in, and really enjoyed the process. Since then, I have been machine inspector and minority inspector for 10 elections at three different polling sites. Now is the opportunity to continue, in my home community, serving my fellow neighbors. Thank you for the opportunity!
