

Tim F. Kirkby P. Eng., C.E.T., FEC (Fellow of Engineers Canada);

I am honoured to serve you and seek your support for re-election to the group executive.

I have dedicated volunteer time to assist members collectively and as individuals. I have worked closely and maintained confidence assisting members whose careers were being unfairly treated affecting the lives of our professional members. My greatest reward has been to help a member who felt alone and defeated.

Pipsc experience:

Nr group, Sub-group and Branch President,

Collective Bargaining,

Regional executive,

Professional Qualifications and Recognition

Life membership.

2016 Attorney General of Ontario appointed Councillor of Professional Engineers of Ontario (PEO). This appointment has been valuable in providing an opportunity to discuss improvements with Engineers Canada and the Provincial Engineering Association as well as assisting NR members with all aspects of professional licensing and improvements. I have direct access to provincial bargaining salary trends and Government Leadership.

2021 PEO nominated representative on the OCETT council (certified technicians, technologists).

I thank you for the opportunity to represent you and ask that once again you extend your vote to support my offer to continue to represent you.
