Staff Picture December 18th

\$7394 must be scheduled by March and is to be spent towards parent involvement.

Need to survey parents. Look at last year’s survey for guidance. Looking for ideas on how parents want to be involved to move students across learning continuums, with emphasis on grade level reading.

Ms Wu is available to help Ms. Soto with the survey.

Goal is to increase the number of parents who respond favorably on the parent survey.
