

Cabinet Construction

Fall 2023

I. Contact Info

- a. Instructor: Mr. Novicki
- b. Email: john.novicki@burwellpublicschools.com
- c. Plan period is 6th period.

II. Course Description

- a. **Grades: 10-12** This course will introduce students to cabinet construction.

Students will learn various types of wood/lumber, ways of assembling cabinets, and how to work safely and diligently in the shop area.

III. Course Objectives

- a. Students will be able to identify safe and precise working practices.
- b. Students will be able to differentiate assembly/fastening techniques.
- c. Students will be able to design, assemble, and finish cabinets.

IV. Student Expectations

- a. If I am talking or someone else has permission to talk, NO ONE else is talking. Safety is important and directions are important. There will be times to ask questions.
- b. Come prepared to class each day. This means having items to work on, homework completed, asking for help, and having notebooks and anything else for class.
- c. If you cheat on a quiz, test, or homework and I catch you or another teacher catches you, you will receive a 0 for that day and on that assignment or test.

d. Last rule is about tools and cleaning up. I really dislike a messy shop and when tools are not put back where they belong. If you get it out, put it away. At the end of each class period, we will clean the shop and sweep the floor to remove debris. Everything must be cleaned up unless specified by me.

V. **Late Work Policy**

a. Students that miss school, will have two days to do the work and turn it in. After those two days it is a zero. It may be turned in, but it will not be full credit. The highest grade the students will be able to receive is an 80%.

VI. **Grading Scale**

Burwell Jr. Sr. High School

100 – 96	A	4.0	93 – 91	B+	3.4
85 – 83	C+	2.4	77 -75	D+	1.4
