An innovative and cutting-edge concept of education

Learn Chinese one-on-one or in small class
Interact with teacher in classroom or from home
Classes not limited by location, space, time
Cloud Technology makes learning fun and effective
Best Chinese teacher in Greater Washington DC Region

- Do you want to try Chinese as your foreign language?
- Do you need to have extra help with your Chinese language study at school?
- Do you want to be able to communicate or do business with a country with a quarter of the world population?
- Do you envision yourself one day mastering Chinese so that you can travel to Chinese-speaking parts of the world?
- Do you want to learn Chinese from a teacher on high demand who is widely recognized in the Chinese speaking community of Greater Washington DC region for being a motivational, inspirational, and creative language and culture instructor for the past 20 years?
- Do you want to have the maximum flexibility to learn a foreign language, such as at home, free of time and expense on traveling?
- Do you want to learn as tough a foreign language as Chinese from someone who makes it fun with stimulating strategies using cloud technology?

If you answer is 'Yes' to any of these questions, you have found not only the right place but the best place to learn Chinese.

DW C-Learning is an education service aimed at providing language and culture training for future citizens of the world. The future development in mutual relationship between China (and Chinese-speaking regions) and the US (and English-speaking regions) is making it the most urgent demand -- bridging the gap of language and culture so that people representing these regions can work together in education, business, economics, science and all fields of the future world. **DW C-Learning** is the first such company to provide language and culture training, not only through

conventional instructional methods, but through the most innovative and cutting-edge means - Cloud Technology.

Cloud technology allows students and teachers from any part of the world to come together to learn a language at any time and place. There will be no classroom walls, no fixed location, no unchangeable schedule. There will not be a school-closing due to clement weather because our "cloud classroom" is weather proof. Parents of young students do not need to give up their leisure time to be chauffeur any more. Families can enjoy family activities while students take lessons with just a computer and internet access from home. For families that prefer conventional learning environment, we do provide classroom-setting classes. All of our classes are offered either in-person or online.

Classes at **DW C-Learning** will be designed by Dr. Wobus, a Beijing native who has an English degree from China and earned her graduate degrees from the US universities and have lived in the US for nearly 30 years. Dr. Wobus taught a heritage Chinese curriculum for 10 years, with personal instructional experience in Grades 1 through Grade 10 as well as SATII/AP Chinese prep courses. With her near-native English ability, she is also very experienced and effective in teaching ESL to non-speakers. Her teaching can be characterized as motivational, inspirational, and unconventional. Dr. Wobus has been teaching IB/AP Chinese at Richard Montgomery High School and is very experienced in coaching public school students in Chinese programs on their Chinese L1-L7, IB5/6/7 and AP studies and IB/AP exams. Dr. Wobus has shared with the community her teaching outcome through contributing many articles on the local Chinese language publications (with some translated into English--see link). She is highly proficient in English reading, writing, and conversation. Her language ability, cultural understanding, 30-year life and work experience in the US, teaching experience, and mastery of cloud technology make her a superior teacher that can hardly be matched.

DW C-Learning is joined by some of the best Chinese language teachers in the U.S. and by high school and college students who will operate our **C-Chat** program where students will have scheduled sessions to have free conversations with a native speaker of the language they learn. **C-Chat** program is perhaps the most valuable learning opportunity for students of Chinese as a foreign language. Can you imagine the fun of practicing Chinese with a Chinese speaker your age!

Please forward this to anyone you know who is looking for a good Chinese language teacher. Give it a try this summer and you will find it hard to leave when the class is over. We assure you that!
