Cartoon Analysis: NZ Covid-19 Party

Answer the questions below for the cartoon further below, in a new GDoc, in your Reading folder. Date, title and share the doc with your teacher.

Thursday 25 February

'Cartoon Analysis: NZ COVID-19 Party'

1. Describe what is literally happening in this cartoon? *For example, what symbols, actions, colour, characters, settings do you see?*

1) The literal explanation of this cartoon is that New Zealand is celebrating its current length of no community cases of covid-19. However, it seems to be lurking right around the corner, ready to crash NZ's party.

2. What current event/s is this cartoon referring to? *Take note of the date of the cartoon!*

2) The current event this cartoon is referring to is NZ's low number of covid community cases, since August 2020.

3. What message do you think the cartoonist is trying to get across to the audience?

3) Whoever published this is telling us we still need to stay safe and not let our guard down; sanitise, wash your hands, self-isolate if not feeling well.

4. Describe the effect or impact this cartoon has on you. *How do I feel about this cartoon? Why do I feel this way? What other links to the world can I make to this cartoon?*

4) ***DO NOT COPY THIS PART, JUST ANSWER IT PLEASE :) you need to answer this question yourself. Give a response and say why this cartoon makes you feel this way. Compound sentence answer. Prefects, pick an answer below you like OR write your own response***

Mr N: This cartoon makes me feel lucky to be in New Zealand because ...

D.J.: We don't get to have corona oftenly but we need to still wash our hands for 20 seconds or sing the happy birthday song twice and sanitize.

Satui: You need to stay safe and keep washing your hands so you don't get the covid-19.

Solomon:

Renei: Make sure to sanitise your hands and social distancing and wash your hands

When you touch something.

Krista: If we are sick we have to stay home until you are better. Do not go places, family or friends.

Hone: if we are sick always stay home and also always wash your hands if your also at home stay at home with your bubble

Jairus: Stay safe and wash your hands also if you are sick stay home and self-isolate.

Ocyan: Stay safe, wash your hands and self-isolate yourself if not feeling well.

Ocean: Be alerted for we do not know where and when covid 19 will strike back at the moment but will get past this together by washing our hands, sanitise and wear masks to stay safe and defeat covid 19. :)

Sosefina: Social distancing, Washing your hands is one of the most important things to do. That's why you make sure you follow these and STAY SAFE.

Finished? Double-check your answers; look up on the TV for the next reading task, we are covering this article: [Auckland to move to Level 3, rest of NZ Level 2](#)
