Sub: Ski Instructor Cover Letter

Dear Mr. or Mrs. or Miss HR Manager,

I am writing to apply for the Ski Instructor position that I saw on your website. I am confident that I have the skills, knowledge, and experience that you are looking for. I believe that I have all the required skills and qualifications to be your new ski instructor. Because of my techniques and my past experience, I am confident that I will be the best fit in this position.

I have been working as a Ski Instructor for the past five years and have gained a lot of experience and knowledge of new techniques in the field. I have a of teaching experience six years, and I have taught people of age groups from 10 to 50. I also know about the maintenance of the ski boards and checking them before every use. I am an excellent teacher, and I can make learning fun. I know all the safety protocols and how to manage an emergency situation when needed.

I am also experienced in teaching students on how to use skiing equipment which includes the skis, the boots, the poles that come on the helmets, the other safety gear etc. I also have experience in conducting various lessons on skiing techniques such as parallel turns, stopping, turning etc.

I am always aware of each and every safety check of every piece of equipment before each lesson. I always check that each and every piece of equipment is ready to use and it's in full safety that will not cause any damage to any one of the students.

I am confident that I can be a valuable asset to your team, and I look forward to the opportunity to discuss this further with you. I am attaching my resume with this application for your kind reference. I hope you will go through it and get back to me very soon as I am really looking forward to this opportunity. I thank you for your time and consideration.

Sincerely

From

James Brown
