

## Two Really Good Things I Saw This Week On Health & Safety for In-Building Instruction :)

1. [AF Quick Hit Health & Safety RI](#)
2. Resources from Zeta - THESE ARE AWESOME ... Below is the follow-up email with links and a recording - start with the recording.

*Hi all,*

*Thank you so much to all who registered for or attended yesterday's School Reopen Q&A Session with our team, and to NewSchools Venture Fund for hosting the webinar! For those who were able to join, we hope you found yesterday's session helpful in your own planning toward school reopen.*

*As a follow up, we'd like to share the [recording](#) of yesterday's session, as well as a self-paced version of the accompanying [Nearpod module](#) that we used to share our videos (if asked for a code, please use the code BIZMY). Additionally, below are a few materials referenced yesterday:*

- *Link to [additional photos](#) of our in-person pod school*
- *[Zeta's Reopen Blog](#) where we have been sharing our approach and lessons learned*

*If you submitted a question that we have not yet answered, we will try our best to reach out individually with responses. If you do not hear from us, please reach out to me, and we'll work to get your answer.*

*Have a wonderful rest of the week!*

*Best,*

*Kruti*
