

Process Writing #6 Assignment and EOY Schedule

Directions: For your final PWP, you will not be able to turn in multiple drafts to Mrs. Whittington. Instead, you will have extra time in class to complete multiple peer revisions and will only submit one final copy for grading. As you enter 10th grade this method is what you must use in order to turn in your papers, so this is your first practice in making sure you are applying all we have learned about revision to your own papers.

Grade: Your grade for this PWP will be on the 0-100 scale; you will not just earn a 75(R) or a 100(A), so your grade will reflect your final product as it is.

Process: For each Peer Editing Day (3 total), you must bring in a printed copy of your PWP#6. Each edit day you will meet with your group and trade papers. You must keep all of these revisions together to turn in on your final due date.
