

COMPANY PROFILE

John Dickinson & Co. (West Indies) Ltd. was established in 1965.

Fifty-seven (57) years later, we are the leaders in paper conversion in the Caribbean of School and Office stationery.

We currently manufacture over five hundred different types of products in our 140,000 square foot facility located in the Diamond Vale Industrial Estate in Trinidad. Our proximity to South America and the Caribbean Basin is ideal for exporting our products to all CARICOM islands.

Some of the products we manufacture include copy paper, exercise books, notebooks, envelopes, file folders, calculator/ register rolls, fax rolls, and a variety of tissue related products. We are also regional distributors for several international brands such as Stabilo, Helix, Papermate, Sharpie, Mead, Pentel, UHU, Crayola, and Maped.

Along with these brands, we also carry a full compliment of office & industrial tape, toners, ink and Laser Jet cartridges and many more stationery and office products to compliment our paper range, making John Dickinson a complete *one-stop shop*.

John Dickinson & Co. (West Indies) Ltd. currently employs approximately 300 persons and is equipped with some of the most automated paper converting machinery available.

It is our vision to continue on the path of quality, growth and success, and to provide better service to our customers.
