

Focused Revision of UHE Claim

1. First, take all of the claims from all of the year's texts (you should have 7). What patterns can you find?

2. Then, make an 'umbrella claim' that connects to the sub-claims of each of the books. Revise it at least 7 times. Get feedback from Ms. Kennett at least once, and from at least three classmates. Incorporate this feedback into your revisions.
