<a href="#">Magazine Upcycled Art</a>	Up-Cycle trash flowers use paper scraps and create a paper flower garden. Cut, measure, and record the length of each stem.  Need more info? Check <a href="#">Here</a>	<a href="#">Make a Natural Pinch Pot</a> using flowers parts of flowers, air-dry clay, and Modge Podge
---------------------------------------	---	--

<p><u><a href="#">Recycled Crayons</a></u>  Preheat the oven to 250 degrees. Put blue, green and a couple white crayons in a muffin tin, melt for 15-20 min, let cool until hardened. Pop out of muffin tin.</p>	<p><u><a href="#">Create an owl</a></u> you will need newspaper, watercolors, paper scraps, and crayons or markers.</p>	<p><u><a href="#">Draw what you hear.</a></u></p>
<p><u><a href="#">Make a bird feeder</a></u>  This one needs an adult partner. 2 liter bottle, string, a pencil, bird food, and a sharp cutting tool. (Needs adult supervision)</p>	<p><u><a href="#">Do a paper bag painting</a></u>  Collect brown paper bags, crayons, and watercolor paints create a masterpiece.</p>	<p><u><a href="#">Create an owl</a></u> you will need newspaper, watercolors, paper scraps, and crayons or markers.</p>

<p>Spend 20 minutes a day quietly drawing, doodling, or journaling by yourself. It's a great way to build quality time with yourself! Art and journaling can help regulate emotions and build self-awareness.</p>	<p>Practice Bear Breathing close your eyes, breath in through your nose, hold it and breath out through your mouth. 4 or 5 times especially when you need to calm down.</p>	<p>Help clean up the Earth. (With permission only).</p>
<p>Figure out the rhythm of your favorite song, use sticks to tap it out.</p>	<p>Go on an Earth Day Scavenger hunt (add link)</p>	<p>Facetime, Google Hangouts, Skype, Zoom! Video chatting with a friend or family member for 15 minutes can help us connect with others while practicing social distancing</p>
<p>Record yourself playing an instrument you are learning to play or one you have made.</p>	<p>Have someone describe an animal to you without telling you the name. As they are describing it to you, draw their description. Show it to them when they are done describing it and find if you're correct.</p>	<p>Go outside and create an image from found objects like blades of grass, leaves, sticks, and rocks. Take a picture and make a collage of all of your creations.</p>

<p>Play Exchange to a Dollar. You will need pennies, nickels, dimes, and quarters and a die. Each player will roll the die and take that many pennies. When a player has enough pennies he exchanges for a nickel, enough nickels exchange for a dime and so on the first player to 1 dollar is the winner.</p>	<p>Measure the height of the people in your house in inches and centimeters.</p>	<p>How does a clock create angles? Explain this to a family member.</p>
<p>Create a picture~ include and label each of the following shapes: • Cylinder • Cone • Sphere • Triangular prism • Rectangular prism • Cube • Pyramid</p>	<p>Create a design with a line of symmetry using Legos, blocks or other objects. Explain where the line of symmetry is to a family member.</p>	<p>If you have stairs, walk up and count them, or do this with your sidewalk squares or stepping stones. Walk down and count by twos. Walk up and count by threes. Continue through tens.</p>
<p>Find 10 examples of symmetry in nature (flowers, insects, rocks, trees). Take a picture and draw the line of symmetry, or sketch what</p>	<p>Build a city with recycled materials. Use tally marks to list the number of different shapes you used.</p>	<p>Make a <a href="#">rain gauge</a>, record the weather and amount of rain each day for 7 days.</p>

<p>you find then draw the line of symmetry. Seeing Symmetry book:  <a href="https://safeYouTube.net/w/8F83">https://safeYouTube.net/w/8F83</a></p>
