

BPS MS Tech Learning Opportunities

Week 3: April 13-17

Week 3: April 13-17

With Technology

- Take a virtual tour of Manufacturing, Construction & Architecture/Engineering sites around Nebraska. Click on the following link and choose from the listed career fields that are of interest to you
<https://www.nebraskacareerclusters.com>
- As you watch each video, write down information on the following topics
 - Work Requirements
 - Education Levels Required
 - Salary or Hourly Wage
 - Job Prospects (number of positions available and potential for promotions)
 - Work Environment
- If time allows, watch another video to compare information about each career and industry

Without Technology:

- If you don't have access to the internet, interview a family member or family friend
- Ask questions regarding the following topics and write down the information
 - Work Requirements
 - Education Levels Required
 - Salary or Hourly Wage
 - Job Prospects (number of positions available and potential for promotions)
 - Work Environment
- If time allows, interview another adult to compare information about each career and industry
