Title I
Parent and Family Involvement Plan

Piney Grove Elementary School
2026-2027

Piney Grove Elementary is dedicated to providing a quality education for every student. Our vision here at Piney Grove is "To educate all students by building a foundation for lifelong learning." In order to achieve this objective we will maintain partnerships with parents as well as the community.

What is Parental Involvement?

Parental involvement are the opportunities a parent shares with their child enriching their experiences in and out of the educational realm.

Parent Involvement in Developing Policy

The decision making for Title 1 consists of parents, members of the community, educators, assistant principal and principal.

Annual Meeting for Title I

Piney Grove Elementary, Title I meeting, held annually to provide information to parents about Title I funding and how it is allocated to help meet the needs of every child.

Parent/Community Volunteers

We welcome parent and community participation. We strive to ensure everyone has a pleasant experience on our campus. In order to do so, we must follow certain protocol, which includes a parent/community volunteer to fill out an appropriate volunteer form. Our Volunteer Coordinator located on our campus governs this process.

Building Capacity for Parent Involvement

Piney Grove Elementary will build the capacity for increased parental involvement by providing assistance to parents in understanding such focuses as:

- North Carolina Common Core Standards
- State and Local Assessments
- Title I Expenditures
- How to Monitor their child's academic performance (PowerSchool)
- How to work with educators to improve the achievement of their children.

The district offers "Parent Nights," monthly to inform parents on school issues and to listen to any concerns parents may have. This gives parents the opportunity to stay abreast of the latest news in education.

Shared Responsibility for High Student Achievement

Piney Grove Elementary will provide a sound education that will be supportive of an effective learning environment consisting of the following:

- Weekly team meetings to plan instructional strategies.
- Professional Learning Communities (PLCs) are conducted weekly unless there is a change in schedule.
- Technological support through Renaissance (AR), ClassWorks, ELA and Math. The use of mobile computers and i-pad carts are utilized throughout the school.

Piney Grove Elementary will Hold Annual Parent/ Teacher Conferences:

- Teachers will be available for parent conferences by appointments.
- Teachers will communicate by email, progress reports, report cards, notes home, phone calls and center voice messages.

Parent Involvement Opportunities at Piney Grove Elementary

Piney Grove Elementary will support a variety of parental involvement activities that include the following:

- PTO Programs
- Parent Advisory Council
- Parent Engagement Nights
- Book Fair
- Fundraisers
