## Some Personal Favourite Free-Writing Submissions

- I wonder if this is gonna spark yet another Suzumi rant. - it will lol (NeoBio)
- How much of a pain was it to put in every song from bpohc - a lot (NeoBio)
- I don't know what this will go to, but I just want JynX to know that they have to take care of themselves. Working on Len'en isn't a duty of theirs, nor can anyone force them to work on it. Breaks, rest and self care are incredibly important and shouldn't be disregarded. <3 - I agree (NeoBio) also agree (Tony64)

- I appreciate that there were 7 song slots but it still feels like it wasn't enough to list all of the songs I love
- I'm currently writing a fanfic "trilogy" regarding Len'en Project.

The first is "Tsurubami's Past" (which details, well, Tsurubami's past... and Tsurubami isn't as happy here as they were in EE), the second is "The Truth of The Senris" (after BPOHC; Tsubakura and Aoji (with help from the Eye of Senri) team up to stop an unknown force from destroying Mugenri, and Mitsumo is the antagonist), and the third is "Vacation to Hell" (takes place after the second story, and is a crossover with Touhou Project).

I hope you will enjoy it (when I'm finished with it)!

Also, I hope you all have a very good day!
