Teach /Advisor Position

Northern Lights Community School is a teacher directed innovative project-based learning school that is looking for an enthusiastic educator to add to our family. NLCS is a X-X grades small environmentally focused school that creates a personalized learning plan for every student and empowers every teacher to create authentic hands-on learning opportunities. NLCS teachers/advisors are responsible for XX students in a multi-aged advisory.

Position Duties and Responsibilities:

- Advise XX students in the completion of NLCS curriculum requirements.
- Develop meaningful life-long relationships with all students.
- Help create a personalized learning plan for each student in advisory
- Lead field days, advise independent student projects and progress, and coordinate school activities in a student-directed project-based learning environment.
- Motivate and encourage each student; develop a personalized learning plan for each student.
- Use multiple, varied assessments and continuous, descriptive feedback to guide all students to improve their academic competence and self-esteem as a learner.
- Differentiate instruction and provide extended learning time to support varied learning styles and the success of all students.
- Collaborate and learn with colleagues; be receptive to new ideas; take appropriate risks to implement best practices.
- Develop student-centered and content-driven seminars.
- Teach/support a small group math learning group
- Guide students to develop authentic projects that reflect true student learning.
- Take all necessary and reasonable precautions to protect students, equipment, materials, and facilities. Provide adequate supervision of students and school areas. Become familiar with school evacuation plans, maps, emergency procedures, and codes.
- Reflect and participate in the creation and implementation of a staff evaluation system in which teachers evaluate other teachers.

Experience, Skills and Abilities:

- Strong experiences with technology and a strong willingness to learn
- Centered and confident
- Experience with authentic or project-based-learning
- Experience with personalized learning plans; Project Foundry© background preferred
- Flexible
- Reflective practitioner who is able to implement modifications
- Listener first attitude to teaching
- Strong experience in an interdisciplinary school model preferred
- Understanding of adolescent development
- Excellent interpersonal skills and ability to relate to others including students, parents, staff, and community

- Ability to manage multiple projects simultaneously
- Strong experience in the advisory model preferred
