Healthy Parties = Healthy Kids

Recognizing holidays, special occasions, and achievements are an important part of the school experience. We want to celebrate special times with students while modeling and promoting healthy lifestyle habits.

Across our school district, we are working hard to make sure students are ready to learn each day. Students who eat a healthy diet and get regular physical activity are more focused and prepared for academic success. Let's work together to help our children develop healthy habits to live long, successful lives.
