Junior English Summer Reading Double Entry Journal

- 1) Record and properly cite four pieces of evidence (Author Last Name, page number)
- 2) Explain why you chose it, what you think it means, and why it is important to the meaning of the text.

Source Material (Quotation, what you are analyzing, page number)	Respond, Analyze, Evaluate (Why you chose it, what you think the author means, and why it is important to the meaning of the text)
<p>Example: from <i>Of Mice and Men</i>...</p> <p>“After a moment the ancient dog walked lamely in through the open door. He gazed about with mild, half-blind eyes. He sniffed and they laid down and put his head between his paws” (Steinbeck 37).</p>	<p>I chose this quotation because Candy’s dog plays a symbolic role in the novel. Like his owner, he is aging and seen as less valuable/productive. This means that the dog, like Candy, is vulnerable and has little to no control over his fate. During the Great Depression, many migrant workers were forced into menial labor. Their physical strength was an asset; weakness was a liability.</p>
