Tournament Structure

- All teams will play two sets to 25 starting at a score of 4-4. There are no third sets. The tiebreaker is sets won then total points won through pool play.
- All players may only score a total of 5 points on their serve.
 - Younger age groups are allowed 3 service points at the 10 foot line before having to move to the service line for their remaining two serves.
 - Younger age groups are also allowed a second serve opportunity every rotation on their first serve only. If a player makes their first serve they do not get a second serve at all through the remaining 5 points.
 - Older players may move in on their serve "slightly" but this should be discouraged. This is ONLY for older players that have 0% chance of making a serve over from the full service line.
 - ALL Players of all ages should serve as far as possible from the net as their skill allows. No sandbagging servers to win points.
- Coaches should substitute both in LF and RB at the same time to allow for 2 subs per rotation. This will allow teams to allow more players to play more often.
- There are no limitations on substitutions.

- Coaches are not allowed a timeout during pool play. Coaches may have one 30 second timeout during a finals match. There is only one timeout per match, not per set.
- Teams may be assigned a reffing responsibility when not playing. There should be the following work assignments.
 - Refing - Coach
 - Score - 2 players
 - Line Judge - 2 players
- All calls are final by the ref. If there is something that needs to be addressed please see a director. This is an extremely rare occurrence.
