

Thank you so much for your support, encouragement and feedback during our period of virtual learning. As you know, every feature of our instruction has looked different over the final trimester of our grading period.

Our priorities during virtual learning are connections with students and continuity of curricular content. To reflect these priorities in our report card, we will provide feedback to you in the form of a narrative (comments) from your child's 4k teacher. Our primary goal is to communicate our best understanding of who your child is as a learner, indicating strengths and areas for improvement relative to the end of year targets the best we can.

Progress reports will be sent home. Please feel free to reach out to your child's teacher or director with any questions or concerns.

Thank you-Erin Conrad, 4K Principal
