

KADETS

AIR ACADEMY HIGH SCHOOL

Entering the Air Force Academy

All visitors must enter through the South Gate (Exit #150). NO EXCEPTIONS. Upon arrival to the security checkpoint the driver of the vehicle will state the name of the contest they are attending and provide them with a current driver's license. They could also ask for your current vehicle registration and/or current proof of insurance. Everyone is subject to search when entering this federal installation. They will ask to open the trunk and/or perform a cursory check of the interior of the vehicle. You have the right to refuse such an inspection, however will not be allowed to enter. Drugs (to include medical marijuana), weapons, ammunition and explosives are not allowed at Air Academy events. Please know that we are very grateful to the USAFA for working with us on this issue. Please help us support their mission in keeping the USAFA a safe and secure military installation
