

Signup Procedures for the MGA18 2025 Season

Last Edit 2/19/25

Important Note: You will no longer sign up for MGA on the POA website!!!!

Signups will be a little different this year for the 2025 MGA18 season. The 2025 MGA18 Board of Directors has made a decision to manage the entire season via Golf Genius. Golf Genius is a golf tournament management system used by numerous clubs across the country as well as some high school, college and professional tournaments. Some of the benefits we will enjoy by making the move to Golf Genius include:

- Reduced manual manipulation of scoring to determine flight winners and applying points to the winners.
- The automatic accumulation of yearly points which is a manual process today involving multiple spreadsheet entries to multiple spreadsheets each week.
- Automatic posting of all scores to GHIN on rounds other than scrambles and shambles. Every player's score will be posted to GHIN by Golf Genius after each qualifying round
- Tournament Director duties will be simplified.
- The league will now have a portal that is accessible through the MGA18 website providing players with a greatly improved record of their play and performance throughout the 2025 season. From the portal players can:
 - Sign up for upcoming MGA rounds.
 - Remove themselves from any future rounds they have signed up for.
 - Access weekly and year-to-date points by player.
 - Access a list of MGA18 members.
 - See a calendar with all past and future rounds showing each round, if you have or have not played in it, all rounds that are accepting signups, tee sheets for each round and more.
 - You can even see each player's statistics showing how many eagles, birdies, pars, double bogeys and triple or worse for the year and by individual round. Remember, this year the max score on a hole will be net double bogey. This is consistent with GHIN rules for calculating handicaps.
