

Unit 7 Getting Ready Quiz

1. Matching 4 points gender socialization in education

Please match the concept and example of ways in which schools contribute to gender socialization.

- Hidden Curriculum
- Dress codes
- Career tracking
- Title IX

Possible answers:

- Girls are blamed for sexual advances when they wear skirts that are too short to school
- Students learn that girls “should” be quiet, in addition to learning to read.
- Women’s teams and men’s teams are legally required to receive the same resources (even though they often don’t)
- Teachers and staff tell boys that they would make great scientists or CEOs; girls and non-binary people aren’t

2. Multiple Choice 2 points school violence

Which of the following is true of students who face violence, harassment, and discrimination?

- Students within the LGBTQIA+ community experience higher violence, discrimination, and harassment rates than other diverse identity groups.
- Students who are female face the highest rates of violence, discrimination, and harassment rates than other student groups
- Students who are male face the highest rates of violence, discrimination, and harassment rates than other student groups.

3. Multiple Choice 2 points progress in education

Which of the following are NOT true about positive progress that have been made in the education system

- Women and non-binary people are the majority of leaders in our education systems
- More gender and women's studies, as well as queer curriculum, as well as more access to education.
- More inclusion of racial and ethnic minority backgrounds in curriculum, as well as more access to education
- Students with mental and physical disabilities have gained the right to receive education at publicly funded schools with more supports

4. Multiple Choice 2 points Title IX

_____prohibits sex discrimination in education when an institution receives federal funding

- Title IX
- The Civil Rights Act of 1964
- The Americans with Disabilities Act (ADA)
- The Cleary Act
