

(Cue Hamon In A Half Shell)

The Death Battle doors soon open, showing the scenery that this fight was located in. It was located in New York City at night, as a man wearing a tank top cut above the navel, gloves studded at the knuckles, fitting pants with a leather belt, knee-high leather boots, and a long, broad, striped scarf, with a long, thin headband patterned with a row of tessellated triangles from his late ally/best friend, who died as a warrior, would be running on the sidewalk, as the man was named Joseph Joestar, as the camera zoomed in on a hand drawn version of Joseph, muttering to himself, "Somebody found Kars! I have to fight him now!!" He shouted, as the point of view soon transitioned to another person.

A figure in a trenchcoat and a hat, covering his face and the rest of his body, as he would be holding a box of pizza in his hand, as he would walk outside of the store, as the figure's head would be shown, showing a green face, and this figure looked like a whole giant turtle, while having ninja equipment on too, this turtle's name was Michelangelop or Mikey for short, as he would slowly start to open his box of pizza, smelling how amazing it was, as he would start to eat some slices, as he would be chewing loudly, then the view moves back to Joseph Joestar, as he would still be running, as he would be worried if Kars had done anything wrong, then he soon ran into the mutant turtle that was eating as the pizza box fell out of Mikey's hands, as the slice he had fell on the floor too, as Mikey would shake his head a little bit too, as he stared at the pizza. "Ugh, dude! You're gonna pay for my pizza!" Then Joseph would stop in place, and turned around, "Oh sorry, I di- One of Kars' monsters!" while getting into a defensive pose as Mikey would squint his eyes in confusion. "Who are you ta-" Getting interrupted by Joseph, he would get decked in the face hard, causing Mikey to shake his head, proceeding to block Joseph's punch and his high kick, "Oh please! You're the monster for ruining my pizza, dude!" Mikey lands a punch on Joseph's face, causing Joseph to become dazed now, giving Mikey the opportunity to put Joseph in a Judo Hold, and then threw Joseph across the street, throwing him into some trash cans, as Mikey would make a joke, "Time to take out the trash!" Mikey shouted, soon taking his nunchucks out from their holders, while spinning them around, as Joseph slowly started to get up, as he would get some trash off him, as he spoke, "Don't count me out yet! It's time to teach you a lesson!" He said, now taking a deep breath in, soon activating his technique, Hamon.

FIGHT!!!

Mikey would run over to Joseph, while spinning his nunchucks, trying to smack Joseph with his nunchucks, and as he did, Joseph would be dodging the hits from Mikey, as Joseph would make a fist, as he would shout a move he had, as he imbued his right hand with Hamon, and he punched at Mikey, "Hamon Overdrive!!!" He then punched Mikey in the face, as Mikey would speak before getting punched in the face, "Wait, did you just say ha-" Then he would get punched in the face, soon flying back, then landed on the street, sliding on his shell, then flipped onto a lamp post, indenting the lamp post, as he ran up the lamp post, jumping off it, and did a somersault smack with his nunchucks, as it would push Joseph backwards a little bit, as he would rub his face.

Joseph would soon get up from the street, as he would pull out his clacker balls, as he smirked, "Clacker Balls!!" Then Mikey would gasp in shock and anger, "How dare you steal my thunder!? No one can be a good chucker li-" Then out of the blue, Joseph Joestar would smack Mikey in the face with his clacker

balls, as Mikey would rub his nose, as Joseph would start trying to hit Mikey again, but Mikey proceeded to dodge the hits, as Mikey would try smacking Joseph back, as Joseph would dodge the hits also, then Joseph would try to sweep Mikey's leg, as Mikey would jump up, as he would grab a shuriken, and would throw it at Joseph, as the Second Joestar would soon dodge the shuriken that was flung at him, as he would take a deep breath in slowly, as he would punch out, as he dislocated his shoulder, allowing his fist to go farther, while shouting the move, "Zoom Punch!!" He exclaimed, as Mikey would look at the fist coming towards his face. "Wait, did he just make his punch go far-" then he would get punched in the stomach, as he fell from the air, while gripping his stomach, while groaning in pain, "Oww, my stomach!! Dude! Be careful or Imma throw up my pizza!" Mikey would let go of his stomach, soon running towards Joseph, trying to smack Joseph in the face with his nunchucks, while spinning them around, soon Joseph would roundhouse kick Mikey in the side, as Mikey went flying sideways, holding his side, "Dude! What did I just say about my pizza?!" As Joseph would put his leg down, while walking towards Mikey, "You shouldn't be worried about that, you monster." Joseph said, as he would be staring at the fallen 'monster' as Mikey would be holding his side, "Monster!? Dude, I'm just a teenager!" Joseph would start to breath in again, activating Hamon again, as he imbued his right hand with the technique, as he would try to punch at Mikey's chest, trying to turn off his heart, as Mikey would dodge out of the way, as he would backflip, as he would smirk, "Since my chucks aren't gonna phase you, how about another weapon?" He said, putting his nunchucks away, and pulling out an Bow, then grabbing an arrow, as he would put in the bow, soon pulling the string back, as Joseph would be looking around, then he would walk over to a bystander walking on the sidewalk, "Excuse me, kind lady, I need to borrow something from you really quick!" He said, grabbing a blond woman's hair, as he would yank out the hair, as the woman shouted, "You asshole! What the hell was that about!? Do you know how long I've grown my hair out?!" She shouted, as a long, black creature would come out, "Let me bite his head off now!!" The creature shouted, as Joseph would turn around, "Sorry miss, but this is an emergency!" Then he would go back to fight, soon infusing the hair with Hamon, making it hard enough to form a barrier, "Hamon Hair Attack!!" He then threw the hair up into the air, as Mikey would let go of the arrow, shooting it at Joseph, but only for the arrow to be blocked by the hair, then Mikey proceeded to shoot more arrows at Joseph, as they kept getting blocked by the hair, as Mikey would stop, then he put the bow away(don't ask how) then Mikey would grab his nunchucks again, as he would run towards Joseph again, smacking him in the face, then smacking him in the stomach, as he would drop his nunchucks really quick, and grabbed Joseph, soon spinning him around in a circle, and then threw him into a costume building, as he would grab his nunchucks, and put them into their holders, as he walked off into the distance.

Joseph would land into some shelves, as he would be groaning, soon standing up, as he would be rubbing his head, as he would start to breath in, as he used Hamon to help heal himself, as he looked around the costume store, as he would see a costume very similar to his 'Tequila Joseph' outfit, as he would look around, "Huh. I guess it's closed. Well, I'm not gonna steal this, just going to borrow it, but pay for it first!" He said, getting up with the costume, and running to the changing room to change into the outfit, then five minutes passed, as Joseph would be in the costume, as he would put the money on the counter, and then went to the front door, slowly opening it up.

As Mikey would be walking off, he heard the door open, seeing the 'woman' walk out of the door, and he ran over to her, "Oh hello ma'am! Did you see a tall guy in the store?" Then Joseph would try his best to do a feminine voice, "Oh I did, but I turned around and he was gone, why must you ask?" Mikey would

rub his chin, “This weird guy started to attack, calling me ‘Kars’ monster’ but I have no idea why he would think a car can have a monster. His voice also sounds super silly too, I don’t even think he’s from New York, he’s probably from New Jersey then!” Then the ‘woman’, being Joseph would get a bit ticked off for his accent being called weird, as he took a deep breath in, activating Hamon again, as Mikey would still be talking, “Although, he keeps talking about something called Hamon, and I have no clue why he’s talking about ham, he’s super stra-” Then he got tapped on the shoulder by Joseph, as Mikey turned around to face the woman, “Yes, is something the matt-” Then he would get punched in the face, “Hamon Overdrive!!!” Then Mikey would go flying backwards again, as Joseph would take off the outfit, ripping it off though, as Joseph would run over to Mikey, soon activating Hamon again, as he would take a deep breath in, and put his hands onto Mikey’s head, soon using another move, “Hamon Hypnosis!! Now tell me where your master is!” Mikey would feel the Hamon going through his head, as he would grab his nunchucks, “N-Never! I won’t say anything a-about h-him!!” He then gripped his nunchucks, soon smacking Joseph in the side of the leg, causing Joseph to let go, as he would walk backwards, rubbing his leg, as Mikey would get up slowly, as he would be groaning a little bit, “Ughh, my head! What the heck was that about!?” Then Joseph spoke back to Mikey, “Fine, you don’t wanna tell me, then I’ll make you!” Mikey would be running towards Joseph, gritting his teeth, then Joseph would put his finger out, and smirked, “And now, your next line is going to be ‘Oh yeah, dude? Well you’re gonna have to beat me up to spill my beans!’” then Mikey would jump up, and smack downwards, “Oh yeah, dude? Well you’re gonna have to beat me up to-” Then he would realize this, “Wait, did you just predict my next words?! That’s so co-!” Then Joseph would use this to distract Mikey, as he would take his Clacker Balls out, “Clacker Volley!!!” He would then smack Mikey in the face with his Clacker balls, as he would keep smacking Mikey, “You’re out of here!!” He then smashed his Clacker Balls into Mikey’s chest, causing Mikey to go flying backwards into a nearby building, as it would be abandoned.

Mikey would be on the ground, as he slammed into a desk, and rubbed his head, as he would look around his surroundings, as he would remember something important, “Oh yeah! I’m a ninja!” He said, as he would get up, and walked into the distance, waiting for his opponent to walk into the building. Joseph would be walking into the building, as he stared at Mikey, “Really? Still moving? How much Hamon do I need to use to defeat you?” He asked Mikey, as the view switched to the back of Mikey, “Oh, you don’t know what I’m made of, dude.” He said, as he would grab four shurikens, as he would throw them at the lights, shattering them, as the place got darker, and Joseph would look around, trying to find Mikey, as Mikey disappeared into the shadows, as Joseph would try to walk forwards, as he hit a chair, “Ow, what the heck is that doing here!?” Mikey would be hiding in the shadows, as he would grab his nunchucks, and ran towards Joseph, as he would hit him in the back of the head, causing Joseph to get dizzy, as he would turn around, and try punching the air, as he would keep looking around the area, and would try to locate where Mikey might have been.

Mikey would still be hiding in the shadows, as he would be staring at Joseph, as he would run towards him, as Mikey would smack Joseph in the side, as Joseph would wince in pain, turning around quickly to try punching Mikey, but the Nunchuck wielding Ninja Turtle would already have ran back into the darkness, as Joseph would still be looking for Mikey, as he would grab his Clacker Balls, as he would charge them with Hamon, as he would be swinging the balls around, still trying to hit Mikey, as he didn’t know where he was at, then Mikey would run behind Joseph, as Joseph heard his footsteps, soon turned around, as he would punch out at Mikey, while shouting one of his moves, “Zoom Punch!!” then his

shoulder would dislocate, soon punching Mikey in the stomach, causing him to drop his nunchucks, as Mikey would be gripping his stomach, “Dude! What did I say?! You’re gonna make me barf up my pizza! It was butter scotch and onions with anchovies!” Mikey shouted, as he would slowly stand up, as Joseph would be grossed out by the pizza combination of his opponent, “What?! Did you just say butter scotch and onions with anchovies?! What the heck?!” Joseph exclaimed, as Mikey would gasp loudly, “How dare you mock my taste! Well just for that, time to... run away!!” Mikey said, grabbing his nunchucks, as he would be going up a story, as Joseph would gasp too, “Hey, that’s my Super Secret Joestar Technique!!” Joseph said, running after Mikey, as Mikey would grab out more shurikens, and he would break the lights, as darkness fell upon them, as Joseph stated, “This shtick again? Are you serious?” He asked, as he would be looking around the area, as Mikey would speak out to Joseph, “Aw, come on dude! You can figure it out!” Mikey taunted, as Joseph would be looking around the room.

As Joseph would be looking around the darkened room, he would try to look around for Mikey, while Mikey would be staring at Joseph in the dark, as Mikey would grab out a shuriken, throwing it at Joseph from behind, as the shuriken would stab Joseph in the back, causing Joseph to grunt in pain, as he would grab the shuriken from his back, as he would flick it in the general direction that the shuriken came from, as Mikey would squint his eyes, seeing it flying at him, as Mikey would scream, “OH NO!!” Then he would put his head into his shell, as Joseph would hear him shout, “Stop taking my lines!” Joseph shouted, as he would run to the direction that the scream came from, as Mikey would grab a chair, and threw it at Joseph, only for Joseph to get smacked in the face, as he would fall down, “Okay, really? You’re trying to fight dirty?” He asked, as Mikey would taunt back, “Come on, dude! I’m a ninja! I’m just using my environment!” Mikey shouted, as Joseph would take out of his Tommy Gun, soon shooting the gun, as the bullets would light up the darkened room, trying to hit Mikey, as Mikey would be running away from the bullets, as he would grab a chair, and chucked it at Joseph, only for Joseph to see it before he stopped shooting, charging his Tommy Gun with Hamon, and smacked the chair back at his opponent, as it would fly over Mikey, soon crashing through the window, and landing in an alleyway trash can.

Joseph would put his arms down, as he would run towards the direction where Mikey was, as he would try to smack him with the Tommy Gun, only for Mikey to be out of that area, as he would be behind Joseph, “Hey dude! I’m right behind you!” Mikey told him, as he would be holding a water balloon behind his shell, as Joseph would turn around, about to punch Mikey in the face, only for Mikey to throw the water balloon in his face, as the water balloon would splash onto Joseph’s face, causing Joseph’s face to become wet, and caused his hair to fall down into his face, as he would get a bit ticked off by this, as Mikey would grab his nunchucks, soon smacking Joseph in the side, causing Joseph to wince in pain, grabbing his side, and bending down a bit, as Mikey would turn around, and run off.

Joseph and Mikey would now be in the third story of the building, as Mikey would put his fingers to head, and stuck his tongue out, taunting Joseph to come get him, as Joseph would get ticked off again, as Mikey ran up the stairs, going to the tenth story of the building, as Mikey would be waiting for Joseph, as Joseph would be panting heavily, trying to get catch his breath. “You...must...be...stopped!!” Joseph said, as he would try catching his breath, as Mikey would be staring at Joseph, walking up to him, “I’m so sorry, I didn’t mean to make you lose your breath.” Mikey told him, as he would put his hand out for Joseph to grab it, then Joseph would soon grab Mikey’s hand, as Mikey smirked, then picked him up, “But at the same time, you did this to yourself.” Joseph would look up at Mikey, as he would raise an eyebrow,

“What...do you...mean..?” Joseph asked, as Mikey would lift Joseph, and threw him over his shoulder, tossing him at the other side of the room, making Joseph slam into a wall, as Joseph would land in the wall, coughing up silvia, as he would fall down onto the floor.

Mikey would smirk, then walked away from his opponent, as he would soon hear Joseph groaning, and start to speak, “I won’t let you win! I trained for this! I just beat you to get to Kars!” Mikey would turn around to face Joseph, as he would groan more, “For the last time, dude! I don’t kn-” Then Joseph would chuck the Clackers at Mikey, as Mikey would dodge it, but one of the pairs of the Clackers would wrap around a pillar, soon latching onto the second pair, and started to spin, as Mikey would speak to Joseph, “Hey dude, you know you missed, right?” Then Joseph spoke back to Mikey, “Oh? Did I miss you though?” Joseph asked, as Mikey responded to his question, “Yeah, you did. You made it quite obvious that you mi-” Then Mikey would hear the Clacker fling towards him, as Mikey turned around, and got hit in the head, as the Clackers went back into Joseph’s hands, as Mikey would be rubbing his head, “Ow! Dude, what the heck was that for?” Mikey exclaimed, as Joseph would chuckle, while taunting Mikey, “That was my Clacker Boomerang!” Joseph told him, as Mikey would be rubbing his head still, as Mikey would grab a shuriken, but this time, it wasn’t an ordinary shuriken, it was an exploding shuriken, then Mikey would chuck the shuriken at Joseph, as Joseph would smirk, and punched out, “Zoom Punch!! He shouted, as his punch would go far, due to him dislocating his shoulder, and he would punch the shuriken, getting it stuck in his fist, as Joseph would pull his arm back, while staring at the shuriken, “Ow, ow.” Then he would hear beeping from it, as his eyes would widen, “Wait, why is it beeping!? Is it going to explode?!” Joseph shouted, as the beeping would be getting louder, “Oh No!! I have to stop it!!” Joseph shouted, grabbing the shuriken, and throwing it into the floor, as he would think to himself, “I have to use my Super Secret Joestar Technique!!” He said, patting his legs, as he would turn around, “NIGERUNDAYO!!” He shouted, as he would try running towards the window, but then the shuriken would soon explode, launching Joseph out of the building, and out of the window.

Joseph would be blasted out of the window, soon falling down towards the street, as he would be screaming, “Oh No!!” He shouted, as he would be falling faster, then he would put his hand out, “I have to use this! Hermit Purple!!” Joseph shouted out loud, as purple vines came out of his hand, and latched onto the railing of the roof, as Joseph would start to hang, as he would go forwards, and hit the wall, “Ow.” Joseph said, as Mikey would have seen Joseph doing this, but didn’t really see Hermit Purple, but then Mikey would run down to third story again, as he would throw an exploding shuriken at the wall, as he would run towards the wall, as the wall exploded, as Mikey would soon jump through the blown up wall, elbowing Joseph in the stomach, causing Joseph to desummon Hermit Purple, and causing both Mikey and Joseph to fall down towards the street, as Mikey would put his nunchucks into their holders, as Mikey would put his legs and arms into his shell, then his head, as he would falling down still, as Joseph would look at a nearby light pole, and he would stick his hand out, “Hermit Pur-” Then he would slam onto the street, stopping him from summoning Hermit Purple, “Owww!! My back!!” Joseph shouted, as he would be laying in the street.

Joseph would be groaning in pain, as he would be trying his best to get out of the street, as Mikey would pop out all his limbs from his shell, as he would put his feet on the ground, and flipped upwards, as he would land on the street, but almost losing his balance for a minute, then he would grab his nunchucks from their holders, as Joseph would getting up from the floor, as he would be rubbing his head, and shook

it to make the dizziness go away, then he would start to breath in, using Hamon to heal himself from the pain, then he would grab his Clacker Balls out, and he would start to charge them with Hamon, as Mikey would spin his chucks around, as Joseph and Mikey would start to walk sideways, staring each other down, only for Mikey to put his nunchucks away, and throwing a smoke bomb onto the floor, causing smoke to form around them both, as Joseph would run towards where Mikey was, but didn't hit him as Mikey would have vanished from the area, causing Joseph to look around, only for Mikey to hit Joseph from above, as Joseph would try hitting Mikey again, as Mikey went from his right side, hitting Joseph in the ribs on his right, as Joseph would grip his side, and tried to swing at the right, then Mikey came from the left, while running off again, then Joseph would try to smack Mikey, but then Joseph would start to breath in, activating Hamon once again, and started to spin his clackers again, trying to make the smoke disappear, then Mikey would use the section cups, and climbed onto the building, soon jumped off the building, while grabbing his nunchucks again, and tried to smack Joseph from above, only for Joseph to turn around, soon charging his elbows with Hamon, soon hit Mikey in the legs, making Mikey fly up into the air, as Joseph would summon Hermit Purple, "Hermit Purple!!" He shouted, as he would put his hand out, as the purple vines would wrap around Mikey, as Mikey screamed, "What the?! What is around me?! I can't see it at all!" Mikey shouted, as Joseph would slam Mikey onto the floor, causing Mikey to grunt in pain, as he would drop his nunchucks, then Joseph would spin Mikey around and tossed him.

Mikey would go flying a few feet back, as he would slide onto the street, and would try his best to get up, then he would be patting his body, "Wait... where are my nunchucks!?" Then Mikey would look up, and saw Joseph holding one of them, soon snapping the nunchucks in half, as Mikey would exclaim, "No! My nunchucks!" Mikey shouted, as he would growl in anger, then he would run towards Joseph, and tried to uppercut him, only for Joseph to dodge, and kicked Mikey in the stomach, causing Mikey to bend down in pain, as Joseph would turn around, and walked off, "Sorry, but you already lost this fight, now tell Kars that I'm coming for him." Joseph said, as Mikey would be holding his stomach still, as he would look up in a bit of anger, "I already told you, dude! I don't know who this Kars person is!" Mikey exclaimed, as he would smirk, "But, for destroying my chucks! I'm gonna have to beat you up!!" Mikey shouted, as he would grab his Amulet of the Acolytes, and he spun it around, soon sliding it on, as he would be smirking at Joseph, then thought to himself, "And I realized something, when this guy says 'Hermit Purple', he puts his hand out, but I don't see anything come out... I need to use that to my advantage!"

Joseph would turn around to see Mikey standing, and with a type of necklace around his neck, as he would try to summon Hermit Purple, "Hermit Purple!" Then Mikey would soon calm his mind, as the chi in his body would glow on his body, showing a huge circle on his face, as a huge flame like symbol would pop up on his front shell, then his legs and arms, as Mikey would bend down, and would soon move forwards, using Ninja Speed to dodge Joseph's Hermit Purple, soon behind Joseph, as Joseph would looking around the area, "Wait, where did... Where did he go?" He asked, as Mikey would laugh to himself, grabbing his Inazuma, and soon smacking Joseph in the side, as Joseph would go flying to the side, as he was holding his side, as Joseph would start to stand up, "How did he go behind me...? He was right in front of me..." Joseph said, as he would stand up straight, as he would be spinning his clackers, as he would run towards Mikey, as he would try swinging at Mikey, as Mikey smirked, "Na-na, Boo Boo, you can't catch me!" He exclaimed, soon using Ninja Speed again, as Mikey went to the other side of Joseph, as Joseph would smack at the air, and Joseph would turn around, seeing Mikey would be stick his tongue out at Joseph, and put his fingers on his head, while blowing raspberries at Joseph, as Joseph

would run towards Mikey again, trying to smack Mikey again, only for Mikey to use Ninja Speed again, as he went to his original spot, as Joseph would start to run towards Mikey again, as he would think to himself, "Wait, if I am smart about this, if I smack him, only for him to do whatever he is doing to go back, I can follow him, and hit him there!" Joseph exclaimed, spinning his clackers again, and would try hitting Mikey, causing him to use his Ninja Speed again, but Joseph anticipated this, and ran towards Mikey, and would put the rope onto the floor, as he would be holding it, soon wrapping it around his waist, as Mikey would come out of his Ninja Speed, and he would turn around, "Ha! You're too dumb to even realize how Ninja Speed even wor-" Then he would turn around, "Oh, you've gotta be kidding me." Then Joseph would smack Mikey upwards, causing Mikey to go flying into the air, and hit the ground.

Joseph would run over to Mikey, soon untying the rope from his waist, and would put it in a good position to wrap it around Mikey's body, as Joseph would run back to the end of the rope, and picked it up, waiting for Mikey to stand up. Mikey would start to stand up slowly, rubbing his head from the fall, as he would shake his head, then looked at Joseph who would be holding a rope, "Oh, you've gotta be serious right now, du-" Then Joseph would pull the rope, soon lifting it up, and pulled it, causing the rope to close and squeeze Mikey, as he spoke, "Dang it! I can't get out from this!" He exclaimed, with his right arm sticking upwards, as he would be trying to loosen it, then Joseph spoke back, "Ha! I got ya! Now, time to finish you for good! Hamon Beat Overdrive!!" He exclaimed, as he would be imbuing the rope with Hamon, as it would go through it, soon, the Hamon would be getting closer to Mikey, as Mikey was still trying his best to get out of the rope, then he would close his eyes, using his Chi Gong Technique, as he would be breathing in and out slowly, while trying to meditate and concentrate, then the Hamon would hit Mikey, causing it surge throughout Mikey's body, as Mikey would have slowed his heart and breathing, and then he flopped his head down, as Joseph would be panting, as he would see this, then dropped the rope, causing Mikey to fall backwards onto the street, as Joseph would be staring at the 'Dead' Mikey.

Joseph would soon turn around, and would run off into the distance, then Mikey's eyes would open, as he would grab his Inazuma, and would spin it around, while smirking, then Mikey would smack the ground, causing lightning to come down, as Joseph looked up, and saw this, dodging the lightning from hitting him, then Mikey would grab his Manriki Gusari, and spun it around, soon flinging it at Joseph, while Joseph would turn around, and got wrapped by the Manriki Gusari, as Joseph would look at Mikey, "But you... You died!" Joseph shouted, as Mikey smirked, putting his Inazuma around his neck, while holding it, "You thought that, but my master is a great one. Even though I slack off a lot, I still learned everything from him!" Mikey shouted, as he would spin his Inazuma again, and he would be smirking, as Joseph would use Hamon to break through the Manriki Gusari, as he would grab his Clackers from his pockets, as Mikey smirked, "And I'm not a monster, I'm a Teenage Mutant Ninja Turtle! And my name is Michelangelo!" Mikey shouted, as he would be running towards Joseph, as he would be spinning his Inazuma, trying to smack Joseph, as Joseph would dodge his smacks, as Joseph would try using Hermit Purple, as Mikey would get a quick glimpse at the purple vines, and he would dodge them, causing Joseph to question this to himself, "Wait, how is he able to dodge my stand!? He wasn't able to dodge it earlier!" Joseph exclaimed to himself, as he would try to punch at Mikey, only for Mikey to jump up, and do a front flip, while grabbing a shuriken, and threw it at Joseph, causing Joseph to dodge the shuriken, but then heard beeping again, as his eyes widened, and he would summon Hermit Purple again, grabbing the shuriken and flinged it into the air, as it would blow up, as Mikey would turn around, facing Joseph, as he would spin his Inazuma again.

Joseph and Mikey would be spinning their respective weapons again, as Mikey would smack the ground, causing lightning to go flying down at Joseph, causing him to jump, dodging the lightning, as Joseph would be staring at the Inazuma, as he would try to using Hermit Purple to grab the Inazuma, but Mikey dodged the Viney stand, and Mikey would be spinning his Inazuma, then ran towards Joseph, trying to smack Joseph, as Joseph proceeded to dodge the hits, as he would take a deep breath in, activating Hamon again, and charged his Clackers with Hamon, trying to hit Mikey, but Mikey would be dodging the hits, as he would jump back, soon getting on the floor, and started to break dance, as Joseph would question this, “Uhh, why are you doing that? You know we’re supposed to be fighting right?” Joseph asked him as Mikey would respond to him, “Yeah, I know dude, but I’m doing this for a reason!” Mikey responded to him, as he would exclaim, “It’s specifically for this!” He shouted, as Joseph looked down, “Wait, for what exactly do you me-” His sentence would be cut off from Mikey hitting in the leg with his Inazuma, as Joseph would fall down, as Mikey would jump up, and landed on the street, and Joseph would be rubbing his leg even more, then he looked up, and got onto his feet, and he put his Clackers away.

Joseph and Mikey would be staring at each other, as Mikey would point behind Joseph, “What’s that?!” Then Joseph would turn around, trying to see what Mikey pointed at, only for Mikey to grab his Cheapskate, and skateboarded away, as Joseph responded to Mikey, “Wait, there’s nothing there! You tri-! Oh come on!!” Joseph exclaimed, as Mikey would be skateboarding away, as Joseph would summon Hermit Purple, and started to swing onto light poles, as he would grab onto, following behind Mikey, as he would jump down the first one to swing, as Mikey would turn around to see Joseph gone, then he asked himself, “Wait, where did he go?” Mikey asked, as Joseph would be on top of a roof, “Right here!” Then he jumped off the building, and landed on top of Mikey, while groaning, then they would press the button on the Cheapskate to make it go flying, as it flew out from underneath Joseph and Mikey, soon landing on top of a building because it didn’t have enough charge in it.

Joseph and Mikey stared at the flying Cheapskate, as Mikey kneed Joseph in the stomach, causing Joseph to stand up in pain, as Mikey would be swinging his Inazuma around in a circle, as Joseph would be better, as he would run towards Mikey, charging Hamon in his right hand, and punched out, “Hamon Overdrive!!!” As Mikey would stare at Joseph, soon realizing where he was hitting at, soon getting punched, but in the Amulet of the Acolytes, as Joseph would try his best to pour Hamon into the amulet, soon pushing forwards, causing the amulet to crack, then Joseph would push more, then the amulet would crack into five pieces, causing Joseph to punch Mikey in the chest, causing him to go flying back, as he would be sliding across the street, soon landing near a manhole, as he would turn around, slowly standing up, as he would see the manhole cover, then Mikey smirked, and he would lift it up, soon chucking it over to Joseph, as Joseph would dodge the manhole cover flying at his face, as Mikey would jump into the sewer, as Joseph would be looking around for Mikey.

Mikey would currently be looking for his Mystic Kusari-Fundō, as he would find it, soon spinning it around, and chucked the chain out of the sewer, latching it onto a light pole, as Joseph would see this, then he would turn to look at the weight of the chain, then he would look at the hole, “Hey! What did you just throw at the light pole?” Joseph asked, as Mikey would go flying forwards, as he exclaimed to Joseph, “Take this! Cowabunga!!” He exclaimed, as he would knee Joseph in the chin, soon landing on the light pole, as he would be staring at Joseph, and he spoke to Joseph, “This is my Mystic

Kusari-Fundō! It can wrap onto anything I can use!” Mikey exclaimed, as Joseph would try using Hermit Purple on Mikey, soon causing Mikey to spin the weight, and threw towards Joseph, causing Joseph to turn to face the weight of the Kusari-Fundō, then Mikey jumped up, letting himself launch towards Joseph, kicking him in the back, as Joseph would land on the street as Joseph would turn around, throwing five grenades at Mikey, causing Mikey to jump back, spinning the chain, causing a tunnel of flame to form, engulfing the grenades, causing them to explode, as Mikey would let go of the chain, as Joseph would be running towards Mikey, as he would punch him in the stomach, causing Mikey to spit out saliva, as Joseph would use Hermit Purple to wrap around Mikey’s body, as Joseph would grip his right arm, soon spinning Mikey around, slamming him into buildings, then would pull Mikey in closer, and shouted, “Hamon Overdrive!” Soon hitting Mikey with a chop, with his arm imbued with Hamon, as Mikey would go flying into the air.

Mikey would be flying in the air, soon falling down at a fast pace, as Mikey would spin his chain of his Mystic Kusari-Fundō, as he flinged it towards a five story building, soon pulling the chain as it wrapped around the building, as Joseph would notice this, “Wait, what is he doing!?” Joseph exclaimed, soon seeing the building fly in the air, as Mikey would start to spin the building around in a circle, as he would fling it down towards Joseph, as Joseph saw the building flying down at him, only leaving him to say this, “HOLY SHIT!!!!” Then Mikey would spin the chain again, and threw it at the roof of the building, grabbing onto the railing, and Mikey went flying forwards, landing on the building, “Now this is true Turtle Power!!” Mikey exclaimed, surfing the building like a surfboard, as Joseph would be staring at the building, then he turned around, “Well, it’s time to use my Super Secret Joestar Technique again!” He said, getting into a defensive stance, only for Joseph to turn around and ran off, “NIGERUNDAYO!!!” Joseph shouted, as he would be trying his best to get away from the falling building, as Joseph would keep running, as the building would be getting closer, as he would use Hermit Purple to latch onto the roof of a building, as Mikey would soon jump off the back of the building, soon swinging the chain, and latched onto a building, as the building hit the street, crashing into a lot of pieces, as Mikey would be staring at the destruction, “Maybe I went a bit overboard with the building...?” Mikey said to himself, rubbing his head, as Joseph would exit from the building he landed on from the front door, soon seeing Mikey in front of the destroyed building, as he would use Hermit Purple to try grabbing the Kusari-Fundō from Mikey, as he felt something tug on the Kusari-Fundō, as Mikey would turn around to see Joseph.

Mikey would try his best to pull the Kusari-Fundō away from Joseph, as Joseph exclaimed to Mikey, “I won’t let you destroy any more buildings! You are a monster!!” Joseph exclaimed, as Mikey would be pulling more, as Joseph use Hamon, transferring it through the Kusari-Fundō, soon hitting Mikey, making him fly back a bit, as Joseph would pull the Kusari-Fundō to him, soon grabbing the chain, and the handle, soon using Hamon to rip it half, breaking the chain and handle from either, as Joseph would throw it to the ground, as Mikey would see this happen to it, then he would stand up, as he would grab a shuriken, and would hold it behind his back, as Joseph would charge his Clackers with Hamon, as he would spin them around, and chucked a pair at Mikey, shouting his move, “Clacker Boomerang!!” Then Mikey would flick the shuriken at the one pair of Clackers, soon slicing the Clackers in half, as Joseph would exclaim, “No! My Clackers!” Joseph exclaimed, as Mikey would pull his Bow out, soon grabbing an arrow, then would start to launch arrows at Joseph, as Joseph would be dodging the arrows, as he would pull his Tommy gun out again.

Joseph would start to shoot at Mikey, but Mikey blocked it with his shield, as he would block the bullets, soon causing Mikey to throw the shield at Joseph, but causing Joseph to dodge the shield, and proceeded to go back to shooting Mikey, as Mikey would be staring down Joseph, soon running towards Joseph, dodging the bullets, and punched Joseph in the stomach, as Joseph would be holding his stomach in pain, as Mikey would elbow Joseph in the face, as Joseph would stumble back, causing Mikey to grab Joseph in a Judo Hold, and threw him over his shoulder, slamming Joseph into the street, as Joseph would cough up saliva, while Mikey would try stepping on Joseph's face, but Joseph dodged out of the way, causing Joseph to fight back, punching Mikey in the face, then the stomach, as Joseph would wrap Hermit Purple around Mikey's body, soon spinning him around, slamming him into a building, as Mikey would shake his head, rubbing it, "Oww, what the heck...?" Then he would get up, trying to find his Kusari-Fundō, but couldn't find it, until he noticed an wire saw with orange handles, and grabbed it, soon spinning it, as he would close his eyes, as a pizza like symbol formed onto his chest, as the wire saw turned into a new pair of nunchucks, as he would run out of the building to meet Joseph again.

Joseph would turn around to meet Mikey, "Well, you seem back to normal." Joseph remarked, as Mikey chuckled, and he nodded, "Yeah dude, and this time, I'm going to kick your butt!" Mikey exclaimed, as Joseph would reply, "Well, I'd like to see you try!" He exclaimed, running towards Mikey, as Mikey would use his nunchucks to grab some of the broken building, soon chucking them at Joseph, as Joseph dodged the thrown destroyed pieces of building, as Joseph would run at Mikey, trying to hit Mikey, as Mikey would wrap the chains around Joseph's body, soon spinning him around, slamming him into buildings, and soon dragging him at the same time, as he would slam Joseph down into the ground, as Joseph would cough up blood and saliva, feeling his back break a bit, as Mikey would let go of Joseph, as the chains went back, turning into normal nunchucks.

Joseph would be trying his best to stand, but felt his back being a bit broken at the moment, as he would be holding his back, "Damn it! My back!" Joseph told himself, as he would be groaning still, then he would close his eyes, taking a deep breath in, using Hamon to heal himself, as his back would soon start to heal, as Mikey would start to spin his nunchucks again, as Joseph would stand up, as he would put his fists up, and ran towards Mikey, while having Hamon activated in his arms, as he would try to punch Mikey, only for Mikey to dodge his punches, but then Joseph swept Mikey's legs, as Mikey would fall down, making Joseph being able to punch Mikey in the chest, as he went flying back a bit, soon hitting the destroyed pieces of the building he threw at Joseph, slowly starting to get up, as he would slowly get up, as Mikey would whip his nunchucks, as they would grab about ten pieces of the destroyed building, as Mikey would throw them at Joseph, as Joseph would use Hermit Purple to swing onto the pieces, jumping from each one, as Joseph would jump down, using Hermit Purple to grab Mikey, as it grabbed Mikey by the foot, then Mikey spoke, "Oh no, you've got to be better kidding MEEEEEE!" He exclaimed, as Joseph would pull him by the foot, swinging Mikey upwards, as Mikey would swing his nunchucks, grabbing the back of the piece that Joseph was on, then Mikey would swing himself forwards, soon flying forwards, as Mikey would hit Joseph in the back, causing him to go flying off the piece, as he would turn around to use Hermit Purple again, grabbing Mikey by the body this time, as Mikey would be squeezed, "Oh God, not again!!" Then Mikey went flying towards Joseph, as Mikey tried to break free from the purple vines, as Joseph would throw Mikey towards the ground, as he would go flying down, then Mikey would try using the nunchucks to grab into a building, only for Mikey to fall faster, then Mikey would put his nunchucks

into the holders, as Mikey put his limbs into his shell, as he would hit the ground, as Joseph landed on the ground.

Mikey would pop out of his shell, as he would stand up slowly, as he would shake his head, ‘Oww, I swear, I hate being thrown around like that.’ Mikey spoke to himself, as Joseph would charge his Hamon again, imbuing his right arm with Hamon, while covering his right hand with Hermit Purple, as Mikey would be panting heavily too, as he would grip his nunchucks hard, soon throwing one of the chains at Joseph, only for Joseph to dodge the hit, but Mikey would have did this on purpose, grabbing a trash can, allowing it to smack Joseph in the back of the head, as Joseph would fall down, and he would punch Mikey in the knee, as Mikey would grab his knee, holding it in pain, as Joseph would wrap Hermit Purple around Mikey's body again, then Joseph would pull Mikey close, ‘This is it!! Hamon Overdrive!!!!’ He exclaimed, as he would chop Mikey in the neck, causing Mikey to go flying back, dropping his nunchucks, as Joseph would grab them, and used Hamon to break them in half, as he taunted, ‘Oh yeah! I won! I, Joseph Joestar, beat this turtle!’ Joseph exclaimed, as Mikey would be flying back, soon hitting the street, as he would be knocked out for a bit.

As Mikey would be knocked out for a bit, he would slowly start to stand up from the street, soon out of his Hamato Ninpo state, and out of most of his weapons, but he had one last weapon, his Kusarigama, as he would slowly get up from the street fully, as his eyes went fully white, as Joseph turn around to see Mikey standing up, and wielding one last weapon, as Joseph would pull out his Tommy Gun again, and proceeded to shoot at Mikey, as Mikey would flip the blade up, as Mikey would proceed to run at Joseph, while slashing all the bullets that were been shot at him, as Mikey would run faster, soon jumping up, trying to slash down at Joseph, as Joseph would dodge the slash, as he would shout his stand again, ‘Hermit Purple!’ He shouted, as Mikey would see the tentacles for a split second, as he would slash at them, as Mikey would grip the Kusarigama, soon swinging it around, as he flung it at Joseph, as the tip of the blade would get closer, soon, Mikey would pull the chain, as it wrapped around the Tommy Gun, and he would pull hard enough to cut the gun in half, shocking Joseph in the meantime, as Joseph would drop the gun, and he would breath in slowly, activating Hamon again, as he would run towards Mikey, while shouting his Stand, ‘Hermit Purple!’ Then the purple tentacles would wrap around Mikey’s body, as he would pull him in as he would shout another move, ‘Hamon Overdrive!!!’ Soon punching Mikey in the stomach, as Mikey would go flying into the air, hitting through some buildings, before landing on one last one, as he would be groaning a lot, as he would look up, seeing his Cheapskate, as he would get up, and ran towards it, turning the motor on, hoping it would work, then the motor activated, as Mikey smirked, ‘Oh yeah, it’s skateboarding time!’ He shouted, as he soon got on it.

Joseph would be breathing heavily, as he would be trying to catch his breath too, as he would hear the turtle shouting, as Mikey would be skateboarding over the railings of the building, hopping to each one, as he made it to the last one, and saw Joseph Joestar below him, as he jumped off the Cheapskate, as Joseph would try flinging his last Clacker Ball, filled with Hamon, as Mikey gripped his Kusarigama, and would soon slash downwards at the weapon, cutting the string in half, as the balls fell down onto the street, as Joseph would summon Hermit Purple again, ‘Hermit Purple!!!’ Then the purple tentacles would latch onto the railings of the building Mikey jumped off, and launched forwards, soon taking a deep breath in, and activating Hamon one last time to end this fight, ‘HAMON!!!’ Then Mikey would grip his Kusarigama hard, as he would slash down, ‘TURTLE!!!’ Then they would be getting closer to each other,

as they shouted their last battle cry, “OVERDRIVE!!!!/POWER!!!!” Then Joseph punched at Mikey, but then Mikey slashed downwards at Joseph, as their silhouettes would be shown, as Mikey’s was orange, and Joseph was yellow, then the colors came back to normal, as Joseph’s face would be shown, and Mikey’s face would be too, but then, it panned to the Kusarigama, as blood dripped off it, as Joseph’s hand would be shown, showing the Hamon dissipating, and Hermit Purple would be gone, then Joseph’s entire body would be shown, with Mikey in the background, but a bit blurry, as a slash would be on Joseph’s body, as both halves, which were vertical, soon started to slide apart, vertically too, as the halves split apart, and fell onto the streets, as Mikey landed on the street, as he would be panting heavily, as he would look back at Joseph’s two halves, with a tear in his eye, as he would let it down, “I’m sorry...Joseph Joestar...” Mikey said, as he would run off to the sewers, as Joseph’s halves would stay there.

But then...

Joseph’s eyes would open, as he would be laying down on a floor of sorts, then he would get up slowly, “Ughh, my head, what the hell happ-” Then he would see a silhouette in front of him, covered by ‘smoke’ as the silhouette was of a young man with a muscular build, whose distinctive features are two colored spots on both cheeks (which are his birthmarks) and blond unkempt hair, and seeing this hair, Joseph knew it was, “C-Caesar!? Is that you!?” He then ran closer, as Caesar’s primary outfit which was a blue jacket on top of a shirt tucked into his pants. He wears a pink long scarf, blue belt, blue weighted-knuckle gloves, blue knee pads, and blue boots, he had a trademark accessory which was his long thin headband patterned with a row of tessellated triangles, adorned with two feathers on each side of his head. Joseph kept running towards him, soon hugging him tightly, as he shouted, “Caesar! It’s really you!!” Then Caesar chuckled a little bit too, “Yes, Joseph, it’s me.” Joseph would let go of his friend, before realizing something, “Wait, if you’re here, then that means... No! I-Impossible!” Joseph would look around, as he would see clouds, as he would be panicking a bit, while tearing up, “No! I need to go back!” Caesar would see that this was affecting him badly, “JoJo! It’s too late... You’re gone.” Then Joseph, “No! This can’t be!” Joseph shouted, then Caesar would put his hand on his shoulder, “Joseph, don’t worry. I saw everything from here. And that giant creature you fought. He could have been your friend. I can tell. He reminds me of you.” Caesar said softly, as Joseph turned around to face his friend, then looked down at the mutant turtle and smiled softly, “Yeah, we would have...” Then he got up slowly, wiping the tears away, as Caesar would grab his friend by the shoulder, “Let’s go, JoJo. You have a very special guest.” Joseph’s eyes would widen, seeing his grandfather, Jonathan Joestar, and ran towards him.
