

Free Request Rules & CoC

1/31/2016 Session:

Open to everyone, Patrons take priority

Theme for Fanart Rule 34: League of Legends, Sonic & Undertale

1. **UNLESS ADVERTISED OTHERWISE, Free Requests are for \$10+ Patrons only.** Free request streams may be held in private sessions, if the stream gets too hectic. In a free request stream where it's open for everyone, Patrons take priority.
2. Once you receive a free request, you will be given a 1 month cooldown from the day you received your request to give other people a chance at free requests.
3. Higher paying Patrons will have priority for free requests. The 1 month cooldown will also apply to higher paying patrons as well.
4. Only requests made inside the stream chat will be taken. Requests taken outside of the stream will not be taken.
5. I need references of characters that you want me to draw. However, no Second Life references, please. SL screenshots make very poor references on terms of me drawing the character. **PLEASE BE SPECIFIC WITH YOUR REQUEST.** Being vague does not help!
6. No fanart/rule 34 requests, except for Undertale, Sonic (Official characters) and League of Legends related stuff. ;3
7. NSFW requests are accepted, but I'm very picky on what I'm being asked to draw. I prefer SFW requests.
8. Gay/Lesbian NSFW requests are accepted, but I would like to keep m/m and f/f requests to a minium. I prefer M/F requests if I have to draw porn.
9. 2 characters max.
10. *When in the stream, please use medium colors for your nametag. Do not use obnoxiously bright or dark nametag colors. It doesn't show up well on the chat, and it hurts my eyes. It's*

highly recommended that you make an account on picarto, and then permanently set your color in the dashboard section. [Ignore this rule, Picarto changed their layout]

11. If it's not your turn for a request, please refrain from posting links. The chat will get too cluttered if people post requests.

12. If you have not paid yet in the past/just signed up on my Patreon, you will not receive your request until your card has successfully been charged. On that note, if you have just signed up, but have paid me directly to get access to my art, you will get your request right after the session is over.

13. No drama, whatsoever.

14. For Flat Color and Color + Shading requests upon reaching the appropriate milestone, please do not ask for characters with complicated color schemes and designs. The request will unfortunately be rejected if characters are deemed with a complicated color scheme. I'd like to get to as many people per request stream, and working on one person's character(s) will eat up my time.

15. DO NOT BE VAGUE WITH YOUR REQUEST.

16. Have fun!
