

Scrum 3

Tatiana

1. What did I accomplish yesterday?
Finished the resource section for every Field, put in most links to every page.
2. What will I do today?
Finish putting in the link and link the resource activities to the main field activity
3. What obstacles are impeding my progress?
Knowing git and Android.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
I finished adding the resource Buttons and putting in most content.
2. What will I do until the next Scrum?
Finish linking the pages, putting in links, and adding the content.
3. What obstacles are impeding my progress?
Knowing Git

Hamsira

1. What did I accomplish yesterday?
I worked on the scrolling activity for some of the interview question pages.
2. What will I do today?
I will try to finish all of the scrolling activities for all of the pages.
3. What obstacles are impeding my progress?
Pulling and pushing from GitHub.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
I worked on the scrolling activity for some of the interview question pages.
2. What will I do until the next Scrum?
I will try to finish all of the scrolling activities for all of the pages.
3. What obstacles are impeding my progress?
Pulling and pushing from GitHub.

Tenzing

1. What did I accomplish yesterday?
Re-adjusted video list.
2. What will I do today?
Apply the re-adjusted videos from the youtube API.

3. What obstacles are impeding my progress?

Re-adjustment of content.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Trying to implement a tracker.

2. What will I do until the next Scrum?

Finish implementing all videos from youtube API.

3. What obstacles are impeding my progress?

Time management of other courses.

Zubeda

1. What did I accomplish yesterday?

Figured out the layout for my US. Sorted resources into categories: books, free, paid.

2. What will I do today?

Complete my list and push my code tomorrow.

3. What obstacles are impeding my progress?

Time + Git.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Resource list is nearly done.

2. What will I do until the next Scrum?

Finish my US (no next Scrum, just demo)

3. What obstacles are impeding my progress?

Time

Tumar

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Resource list is nearly done.

2. What will I do until the next Scrum?

Finish my US (no next Scrum, just demo)

3. What obstacles are impeding my progress?

Time.

Scrum 2

Tatiana

1. What did I accomplish yesterday?
[I have have started putting the content into the pages and adding the links](#)
2. What will I do today?
[I will continue putting the content into their respective pages and the links](#)
3. What obstacles are impeding my progress?
[Knowing git.](#)

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
[I have gotten enough content and links to start filling out the pages with information. I have also started adding the Resources section for every field.](#)
2. What will I do until the next Scrum?
[I will try to finish adding the resource section and filling out the pages.](#)
3. What obstacles are impeding my progress?
[Knowing git.](#)

Hamsira

1. What did I accomplish yesterday?
[I have started to fix the scrolling activity of the interview questions page.](#)
2. What will I do today?
[I will continue to code out the interview questions page.](#)
3. What obstacles are impeding my progress?
[Git and GitHub.](#)

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
[I have started to fix the scrolling activity of the interview questions page.](#)
2. What will I do until the next Scrum?
[I will continue to code out the interview questions page.](#)
3. What obstacles are impeding my progress?
[Git and GitHub.](#)

Tenzing

1. What did I accomplish yesterday?
[Help others with git flow.](#)
2. What will I do today?
[Start applying video from youtube API's to the content available.](#)
3. What obstacles are impeding my progress?
[Readjustment of content.](#)

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Helping the team with git while working on implementing videos.

2. What will I do until the next Scrum?

Keep implementing video content while readjusting with change of content.

3. What obstacles are impeding my progress?

Managing time for this week with other courses.

Zubeda

1. What did I accomplish yesterday?

I started to compile information/content for my US.

2. What will I do today?

Review coding structures to see how I can implement all the links in a way that matches our UI.

3. What obstacles are impeding my progress?

Other courses/finals season approaching

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

2. What will I do until the next Scrum?

Finish my US entirely (including pushing to git so that we can debug/overview the whole app as a team)

3. What obstacles are impeding my progress?

Other courses/finals season approaching

Tumar

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Worked on the improvement of Splash Screen, Working on the profile screen page and related pages like Friends, Notifications, account settings etc.

2. What will I do until the next Scrum?

Finish the profile settings and make sure the database works, so we can track users progress.

3. What obstacles are impeding my progress?

Figuring out the database calls in Android Studio

Scrum 1

04/21/2022

Tatiana

1. What did I accomplish yesterday?
I researched content for the application
2. What will I do today?
I will continue searching for content for our application
3. What obstacles are impeding my progress?
Knowledge of Android Studio and Git, had a setback with deleted files

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
I have implemented the all the Skills and Tech Pages for every field
2. What will I do until the next Scrum?
I will add some links and content to the pages
3. What obstacles are impeding my progress?
Knowledge of Android Studio and Git, had a setback with deleted files

Hamsira

1. What did I accomplish yesterday?
I did some research for the content user story so I can start coding and get started.
2. What will I do today?
Today, I will figure out the design of how I want the content to look and then will start to code.
3. What obstacles are impeding my progress?
Pulling from Github.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?
I worked on the sprint 3 backlog.
2. What will I do until the next Scrum?
I will research content for the 3 fields and start coding.
3. What obstacles are impeding my progress?
Pulling from Github.

Tenzing

1. What did I accomplish yesterday?
Finished readjustment of video with constraints.
2. What will I do today?
Work on content video with others for the buttons.
3. What obstacles are impeding my progress?
Course time management.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Constraint errors on video view fixed.

2. What will I do until the next Scrum?

Content list for the buttons.

3. What obstacles are impeding my progress?

Group approval of content.

Zubeda

1. What did I accomplish yesterday?

Established personal deadlines/guidelines for my US.

2. What will I do today?

Do research on how to complete the US. If time allotted, I'll look at accessibility things for android studio.

3. What obstacles are impeding my progress?

Time.

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Completed my US for Sprint 2.

2. What will I do until the next Scrum?

Make adequate progress in my US.

3. What obstacles are impeding my progress?

Time.

Tumar

For the project we will have the 3 following questions:

1. What did I accomplish since the last Scrum?

Worked on the Firebase Firestore database and Layouts of the pages and design of the elements Navigation of the pages.

2. What will I do until the next Scrum?

Work on Progress tracking and modify the layouts where needed.

3. What obstacles are impeding my progress?

Figuring out the database calls and back-end of the app in Android Studio
