

Questions I get asked a lot and would rather not have to answer again:

More hetaoni?

- Nah, not right now. Unless you pay us, we'll go at our own rate

Who even are you?

- Hey yo whats up, I'm Kyo, I'm 31, I live in the Northwest in America and boy howdy I love food. Pronouns be she/her and I'm autistic, and also bi! I have a very hearty love for Hetalia and Pokemon, and my hobby is making video games, but I love playing them too! Which I assume is why you're here.

Can you do ___ voice?

- No / [PAY ME](#)

Can you play ____?

- I got a [request link](#) in the descriptions of almost all of my videos, it's a little rude to do that in the comments section jus sayin

Are you ever going to play only Hetalia games again?

- It's a process, but I'm trying on making a good variety channel of not just of Hetalia but other material I like too.

Has ___ game been updated

- Most likely 9.5/10 times, no. I don't know people's update schedules, I'll play them when they come out. Chill

You post so many different videos every day, what video goes to what day?

- I have a [schedule](#) that you can see about a month ahead of time what I have for sure uploaded and other games I have planned on the side

Do you do Twitch?

- I do! I'll be transferring to more live content there when 2024 comes and posting the game footage on my youtube, alongside pre-recorded games specifically for the youtube channel. so if you want to keep in the loop, my twitch channel is [here](#)

I can't wait another year for your games! Can you update them faster

- Gee I sure could if I had MONETARY SUPPORT but emotional support is nice too. Shit can't be built in a day

Hey you're doing the game wrong, you need to do ___

- 10/10 times I pre-record the video weeks beforehand so I never get to see the comment of what properly to do. Most likely I figured it out unless stated otherwise in the description.

Isn't Youtube your job?

- Actually no, I work four jobs to be able to afford doing this, youtube is one of the four. However, part of another job is helping the Swan Princess series!

Wait hold on, Swan Princess? That 90's movie about Swan Lake?

- Yup! I did some unboxing videos for them and they liked my style so here I am helping them out with youtube! It's also a reason why I leave my own channel for a while. You can see my contributions to them [here](#), and keep your ears out on the Chamberg Daily, that's all me! Please do support them, I would love it with all my heart, they're a wonderful wonderful team and I wouldn't be where I am today without them!

Are you just in this Youtube gig for the money?

- I kinda need money to live and pay bills you know, and to fund art like the artists for projects, the coding I do so I can work on those other than videos. But I also got [patreon](#) and [ko-fi](#) if yall wanna do extra help in description. But if this wasn't a passion project sort of deal I would have left long ago, this is barely enough to make a comfortable living since I don't make enough to be paid very often anymore.

What is Dreamtalia / Bad God AU / Diamantalia / House of Winter?

- These particular titles are things I have helped create, and each is explained in their own way.
- Dreamtalia game download [here](#)
- Bad God AU explanation playlist [here](#)
- Diamantalia game download [here](#) and cardverse universe explanation [here](#)
- House of Winter download [here](#)

You've mentioned other titles like Aitalia/HetaHaven/Family Dinner, what are those?

- Those are failed games that I most likely won't be finishing. I plan on making videos on talking about what they were about, but thats for later when I have more time.

Where is the new Dreamtalia material?

- It's a very slow process being a two man team, we're hoping to get a demo out by the end of the year or by valentines day but only ONLY if we soley focus on that game and that game only

So are you canceling Diamantalia/Hetarella? It's been a very long time since we've seen updates

- Those are also a very small game dev team, and we can't do more than one game at a time. So either pay us so we can get the resources to put things out faster, or be patient.

Who is Dignified?

- Dignified, aka Dig, is my husband, we have been dating for more than ten years and were legally married 2020. He's a trans man who is a university graduate who's busy with work, so when he shows up it's always a treat. He was my main collaborator for games like House of Winter and First Date, but wants to kinda lean away from game making to do other things. He's got an [Instagram](#), [Tumblr](#) and [Youtube](#) channel if you'd like to see more of his material!

Wasn't Dig non-binary?

- Yea, basically. But, the more he thought about it, the more being a full guy feels more right. Gender identity takes a while, ya know?

Who is Lubo?

- My best friend and also my roommate, she works with me on hetalia projects like Dreamtalia and Diamantalia. She also streams art on my channel from time to time, so if the stream says 'Lubo Streams', that's her. She has a [Tumblr](#) and her youtube name is SweetestSweden, but doesn't really post any content.

Who is Fawnin?

- One hell of a meme friend that collabs with me sometimes, and also does some music for Dreamtalia. His Youtube channel is right over [here](#)

Fav hetalia characters/ships?

- Germ, rus, swe, liech, can
- Gerita, fruk, sufin, giripan, belaliech, canukr

Favorite Animal?

- DOG

Favorite anime other than Hetalia?

- Pokemon and YuGiOh

CAN WE BE FRIENDS

- Uuuuh maybe? Talking to me like a normal person first would be nice. Usually you can find me on most networks as kyokyo866 or kyokoon64, or find me on the discord server! I get shy for personal confrontations so a group environment is nice. Like try chatting me up on a stream and see where it goes!
